

Jackson Boulevard East of State

HOOVER TO SEE BLOODY RECORD OF VOLSTEADISM

Department of Justice to Count Killings.

(Chicago Tribune Press Service.)
Washington, D. C., June 20.—(Special.)—The bloody record left in the wake of the federal and state attempts to enforce the prohibition law will be laid before President Hoover by the department of justice.
Attorney General William D. Mitchell announced today that department of justice agents have been instructed to collect and present such information as may be available respecting the number of citizens who have been killed by federal and state officers engaged in dry law enforcement. Deaths of state and federal officers killed while engaged in enforcing local or government dry laws also will be listed.

Stinson Takes Hand.
Announcement that the rum war's casualty list was to be compiled was made shortly after Secretary of State Henry L. Stinson called upon Secretary of the Treasury Andrew Mellon for a full report on a recent attack made on a customs boat at Detroit by occupants of a rum running craft.
Mr. Stinson acted to back up the American dry enforcement battalions in their desperate offensive against rum smuggling across the vast stretch of the Canadian border after reports had reached Washington that a customs boat had been fired on by rum runners, who later escaped into Canadian waters. Extradition of the guilty parties will be asked of the Canadian government if they can be identified.
News that the government plans to determine the toll taken by "hair trigger" enforcement agents was received with enthusiasm today by opponents of the treasury's "shoot to kill" policy.

La Guardia's Estimate Conservative.
All information obtained by the justice department, it was learned, will be made available to the President's law enforcement commission, which is engaged in studying all crimes, whether with the reasons why certain laws are not obeyed.
Preliminary reports submitted from time to time by treasury officials indicate that a complete investigation of rum killings in the name of Volsteadism will disclose that the present estimate of 243 placed in the Congressional Record by Representative F. E. La Guardia (Rep., N. Y.), a few days ago, was far too conservative.
Counting the two score men who went to the bottom of the sea when the coast guard rum chaser Paulding rammed the S-4 off the New England coast more than a year ago, the known list of federal killings runs above 200. No record has ever been made of the innumerable killings attributed to "fanatic" state and local enforcement officials.

"Agents Must Be Protected."
The recent epidemic of killings, which has recorded three men shot down by federal agents and two by state officers within a nine day period, is considered responsible for the attorney general's decision to look into the matter of prohibition killings. Criticism expressed in both the senate and house of the killing of innocent citizens is believed to have been a contributing factor.

Beyond stating that the attack on the customs boat in the Detroit river violated the use of firearms by dry enforcement personnel treasury officials had little to say today about the progress of the rum war which has converted the traditionally peaceful American-Canadian border line into an armed battlefield.
"This attack on the customs men shows our agents must be protected," Assistant Secretary Seymour Lowman said.

KIDNAPED AFTER AUTO CRASH

MRS. FLORENCE BOYLE.

KIDNAP DRIVER'S WIFE AFTER AUTO CRASH; CAPTURED

Caught by Husband After Wild Chase.

Following an automobile crash at Ridge boulevard and Estes avenue last night, two intoxicated men kidnaped the wife of the driver of the disabled car and led a chase over north side streets before they were captured. They performed the kidnapping under the nose of a motorcycle policeman who had stopped after the auto collision.

Pair Face 5 Charges.
As a result of the escapade, John Spellman, 1315 Madison street, Evanston, and Joseph Decker, 1519 Greenwood avenue, Evanston, will face charges this morning of kidnapping, driving while intoxicated, having liquor in their possession, reckless driving and driving without a license.

Mr. and Mrs. Boyle, who live at 2310 Arthur avenue, had played golf in the afternoon at the Edgewater Golf club, had dinner and were on motorcar on Estes avenue struck their machine. The two men got out of their car and had started an argument when motorcycle policeman John Wagner arrived.

Spellman resumed his place at the wheel of his car and Decker suddenly grabbed Mrs. Boyle, forced her into the front seat next to the driver and jumped in beside her. The car plunged away before the astonished husband and policeman could interfere.

Boyle flagged the passing car of Harold Holtzman, 624 North Western avenue, and gave chase. Policeman

PORTER ON TOM MIX'S TRAIN 'ADMITS THEFT OF STAR'S MONEY BAG'

Concord, N. H., June 20.—(AP)—The bag containing cash and securities reported valued at \$75,000 which Tom Mix, motion picture actor, told police at Portsmouth had been stolen from a private car in which he was traveling with the Sells-Floto circus was found hidden in a power box under one of the circus cars late today.
The discovery was made by Deputy Chief Victor L. Moore, after, he said, Russell Everett, 22, Negro porter on the circus train, had confessed the theft. The sum of \$4,000 was missing from the bag.

Cal Frydendahl, valet to Mix, was taken into custody on suspicion but was released tonight after Everett's confession.
Police said Everett took a package containing \$4,000 from Mix's bag and after keeping \$200, mailed the remainder to Peru. They said he would be arraigned tomorrow on a grand larceny charge.

Wagner turned his motorcycle around and was off in pursuit. Mrs. Boyle blew the horn of her captors' car and screamed, attracting other motorists. The chase ended when Holtzman's car forced Spellman's to the curb at Howard and Western. Wagner, on his motorcycle, was a close second, and a squad car, given the alarm by radio via W-G-N, was third.

Mrs. Boyle's arm was bruised where she had been beaten because of her efforts to blow the horn and she had been struck in the mouth. She was under the care of a physician last night.
Spellman and Decker threw a pint of moonshine out of their car when they were forced to stop. At the Rogers Park police station they denied all the charges, but police announced that they had obtained the names of a dozen witnesses of every phase of the escapade.

TWO ACCUSERS OF PROSECUTOR MIX IDENTITIES

Can't Tell Blackwood from Police Character.

Circumstances surrounding the robbery charge placed against Assistant State's Attorney Raymond E. Blackwood by Frederick Froemke, a real estate dealer at 1709 West 19th street, were thrown into more confusion last night when two persons who were in Froemke's office at the time of the holdup were unable to distinguish between the prosecutor and Clement Tatton, a police character.
Tatton was picked up at the Midway Garden, a roadhouse at 34th street and Western avenue by Lieut. John Tracy and his squad and taken to the detective bureau on orders of Deputy Commissioner John Stege. George Zalc, 1317 West Chicago avenue, and Frank L. Zinner, 140 West 72nd street, the witnesses to the robbery, were also brought in, as was Froemke.

Become Confused in Identity.
At the bureau Zalc looked at a roomer's gallery picture of Tatton and said he was one of the robbers. When confronted by Blackwood Zalc became confused and said it was the latter's picture he had viewed. Zalc refused to say positively that Blackwood was the robber, although he had identified him at the court hearing.
Zinner, questioned by Assistant State's Attorney Harry Ditchburn and Walter Butler, also became muddled and said he had not been positive of Blackwood's identification in the first place.

Froemke, however, remained adamant, refusing to admit any resemblance between Tatton and Blackwood. When shown Tatton's picture and then confronted by Tatton he even claimed they were not the same person.

Admits Being Sued.
Froemke was earlier in the day grilled on every conceivable theory by the prosecutors, even as to his mental qualifications. He admitted being a constant court litigant, having the distinction of suing a woman for breach of promise and being charged with confidence game, but through it all he insisted that his identification was correct. At one point in the questioning he offered to drop the charges and "forget about the \$1,000 diamond ring, if that is what you prosecutors want."

After comparing the results of the work of his assistants, State's Attorney Swanson inclined himself to the mistaken identity theory rather than of a frameup, although he said he was still investigating that possibility. He disclosed the fact that at the time of the robbery Blackwood can show that he was in conference with a tax official on the reassessment work and that he telephoned to Mr. Swanson that afternoon about the work.

Lieut. Slad of the Chicago Law station yesterday defended the police methods in the case which were criticized by both Judge Edgar Jonas and Prosecutor Swanson. He said that Blackwood was given a fair showup, and that at no time did he say he was an assistant prosecutor.

THE GLOOMY DEAN QUOTES POETRY ON GIRLS' DRESS

(Chicago Tribune Press Service.)
LONDON, June 20.—London's "Gloomy Dean," the Rev. William Ralph Inge of St. Paul's, was in a skittish mood tonight when he indulged in a little frivolous dissertation on modern habits and customs.
Addressing members of the Sunlight league, the dean issued a warning to "beware of cranks and extremists," particularly referring to the German sect of the N. S. D. A. P.
"There is nothing objectionable in it, but it is a matter of convention," he said. "It is necessary to hold at arm's length those not very whole some minded people."

Referring to "the habit of forty or fifty years ago of covering up," the dean observed, amidst laughter, that people who were very refined—like Americans—even covered up the limbs—not legs—of their pianos.
"But since the war the ladies have, I believe, raised the standard of revolt," he said. "They are not too much covered up now. In fact, to quote a line which I attributed to a clergyman: 'Half an inch, half an inch shorter. The same skirts for mother and for daughter.' When the wind blows everything shows. Both who should and what had not ought."

HAMILTONS SUE FOR \$200,000 IN ALIENATION SUIT

Mrs. Amy Hamilton yesterday filed a \$200,000 alienation of affection suit in the Superior court against Mrs. Mary J. Hamilton, mother, and Mrs. Adelaide Ryerson, sister of her husband, Bruce P. Hamilton, a patient in an asylum at Wauwatosa, Wis.
Mrs. Hamilton charges the mother and sister with conspiring to commit her husband to the asylum in an effort to end the marriage.
Mrs. Mary Hamilton, who is 82 years old, is the widow of the late David Gilbert Hamilton, retired street car magnate. The daughter is the wife of Dr. Edwin W. Ryerson. Both live at 232 East Walton place and are prominent socially.
The Hamiltons were married Jan. 14, 1924, when Hamilton was a patient at the North Shore Health Resort, where Mrs. Hamilton had been his nurse, according to her declaration. She avers that she was given an outside case the day after the marriage, and on her return a week later Hamilton refused to see her. The mother and daughter are blamed for the change in his attitude.
On Feb. 15, 1924, County Judge Edmund K. Jarecki adjudged Hamilton as suffering from dementia praecox and appointed the mother and daughter as conservators of his person.

TAKES HIS LIFE AFTER 'MURDER'— BUT VICTIM LIVES

**Suicide's Papers Relate
Story of Age and Youth.**

A middle aged man and a young girl fought for a few minutes shortly after noon yesterday behind a hedge in Lincoln park until the man's hands closed about the girl's throat. Leaving her apparently lifeless, the man stole out of the park without being detected, boarded a Clark street car, and rode south to Kinzie street, which skirts the Chicago river.

Stricken with a killer's remorse, he leaped from the La Salle Street bridge, and a man who saw him floundering rowed to the spot where he sank. His body had not been recovered last night, but his coat, found on the river bank, yielded papers which revealed his identity and provided an explanation for his suicide.

Papers Tell Story.
In one pocket was a marriage license issued to Julius Krivda, 45 years old, 1233 Crittendon avenue, and Olga Kull, 16 years old, 1326 Chanin street. With the paper was a bank book showing deposits of \$9,000, and in another pocket were two jewelry boxes which had contained a wrist watch and a ring.

"The old story," remarked the policeman who searched the garment. "He was old and she was young, so she turned him down and he killed himself. I wonder what the girl will say."

The girl's parents said they hadn't seen her since 10 a. m., and the police, scenting a murder mystery, began to search the park.

Found Girl, Unharmed.
Two ticket stubs from an excursion boat indicated how they had reached Lincoln park.

But there was no murder after all. Miss Kull, unharmed except for bruises on her throat, was found at the home of her aunt, Mrs. Nellie Swirski, 1229 Evergreen avenue. She

COMERFORD WILL FIX HIGH BONDS FOR DOPE FIENDS TO CURB CRIME

On the theory that drug addicts are responsible for most of the helens crimes and that they are a menace to society, Judge Frank Comerford in the Criminal court announced yesterday that henceforth he will fix bonds for such persons at \$1,000,000 if necessary to keep them in jail pending the trial of criminal charges against them.

The judge made his statement during a hearing of charges by Wayne Thompson, 22 years old, Frankfort, Ind., that he obtained morphine and cocaine while a prisoner in the jail. Thompson pleaded guilty to a charge of burglarizing the office of Dr. Alvin V. Cole, 232 West 63d street, several months ago.

When questioned in the presence of Warden David Money, Thompson admitted that he was unable to get dope from any jail employee, but that it was smuggled in to the addicts by their friends.

expects to become a mother in August.

"I'm glad he's dead," was her remark when told of the suicide. "He began choking me at 12:30—I noticed the time by the new wrist watch he bought me. And I woke up at 2:30 and went to my aunt. My parents were forcing me to marry him and he didn't want to any more than I did. On the boat ride he asked me if I knew how to swim and I said yes—he he waited to strangle me."

DEPUTY CALLS AT JAIL; FINDS U. S. PRISONER IS GONE

Assistant United States District Attorney Alfred W. Bosworth last night was investigating the mysterious disappearance of a federal prisoner, who, taken to the county jail several weeks ago, was missing when deputy marshals called for him yesterday. His case, a liquor law violation, was continued indefinitely by Federal Judge Walter C. Lindley.

The prisoner, Andrew J. Morelock, 3251 Glee avenue, was taken from the jail, presumably for trial, on May 4, officials at the jail said. They denied that he had ever been returned.

GLASER SAVED FROM PRISON BY SUPREME COURT

The state lost its fight yesterday to send Joseph Glaser, owner of the notorious Sunset cafe, to the penitentiary for the raping of a 14 year old girl, whom he subsequently married and, it was alleged, later abandoned in California. The Supreme court, reviewing the case, handed down a decision reversing the conviction in the Criminal court on the grounds that the evidence was of an unsatisfactory character and that the girl's story was not corroborated.

Glaser was charged with having attacked Dolores Wheeler, then 14 years old, when she went with a relative to his bachelor apartments at 4637 Drexel boulevard. Every effort was made by Glaser to dodge trial for the crime and it took Assistant State's Attorney Charles Dougherty more than a year before he finally brought the case owner before a Criminal court jury.

Hoover Invited to Major Industries Meeting Here

The sixth conference of major industries, which will be held in Chicago next fall, has extended an invitation to President Hoover to be a guest of honor at the banquet which will close the annual meeting, according to an announcement yesterday by the committee on invitations.

"A Thorough Understanding of an Investor's Needs"

No. 3

in a series of messages to investors
from the President of S. W. STRAUS & Co.

"ONE of the reasons for the gratifying increase in the Straus business lies, I believe, in the way S. W. Straus & Co. handles the investment problems of its thousands of investors.

"Every investment problem, we believe, should be dealt with as an individual problem, and securities should be recommended only after a very thorough and sympathetic understanding of an investor's needs. These needs differ widely with the investor's circumstances. Any investment program, to be successful, must be solidly based on them.

"Officers and representatives of S. W. Straus & Co. come in daily contact with individual investment problems. They have accumulated an unusual wealth of experience in dealing with such problems. These officers and representatives are always at the disposal of investors. In a very real sense, these men act as investment counselors to thousands of Straus customers yearly.

"The unusual loyalty of Straus customers, I feel sure, is in large measure the result of this thorough-going attempt to understand an investor's problem, and of recommendations of securities made in accordance with his needs. Many Straus customers have been filling all their investment needs from Straus offerings for a quarter of a century. This is a record of which we feel proud indeed."

BOULDER DAM ACT GOES INTO EFFECT TODAY

But Arizona Balks and
Tieup Threatened.

BY ARTHUR CRAWFORD.

(Chicago Tribune Press Service.)
Washington, D. C., June 20.—(Spe-
cial)—Boulder dam legislation be-
comes effective tomorrow with almost
as many varieties of controversy still
lingering as when it was introduced in congress.

Arizona still refuses to ratify the
Colorado river compact and is actively
preparing to tie up the project in the
courts. The commissioners from the
states of California, Nevada, and Ari-
zona who recently devoted several
weeks to conferences in Washington
with a view to bringing these three
states of the lower Colorado basin into
an accord on a division of water have
been unable to break the deadlock
that has prevailed for several years.
They will resume sessions in October,
but without much hope of success.

No Mexico Pact Made.

No progress has been made toward
an agreement between the United
States and Mexico regarding future
rights to water flowing down the Colo-
rado river. Serious international com-
plications are threatened if the two
countries fail to agree on a treaty lim-
iting the amount of water which
Mexico may demand for the irrigation
of its lands adjacent to the Colorado.
Land speculators in the vicinity of
the Boulder dam site have proved a
constant source of trouble despite the
efforts of the interior department and
commercial organizations in Nevada
and California to suppress them.

There are numerous hurdles to be
passed before contracts can be
awarded for the 165 million dollar
project which is designed to provide
flood control for the lower Colorado,
make possible the irrigation of hun-
dreds of thousands of acres of arid
land, furnish drinking water to Los
Angeles and other southern California
cities, and generate power which origi-
nally was supposed to finance the
proposition, but which will not
be so under the terms of the act.

Celebration Scheduled.

Out in Las Vegas, Nev., the city
nearest the dam site, which is ex-
pected to multiply its population sev-
eral times by reason of the pouring
in of millions of dollars of government
money into the vicinity, they are to
have a big celebration tomorrow. Sec-
retary of the Interior Ray Lyman
Wilbur and Dr. Elwood Mead, com-
missioner of reclamation, who will
have charge of the project, will be
there to help celebrate.

The act will become effective upon
the ratification of proclamation tomor-
row by the President setting forth that
all of the seven states of the Colorado
river basin have ratified the Colorado
river compact which apportions the
waters of the river among them and
which was approved by congress in
the Boulder dam act.

It would have become effective
earlier if all seven states had ratified.
The act provided that it should be-
come effective six months after its
enactment if six of the seven states
accepted it by that time. California,
Nevada, New Mexico, Colorado, Utah,
and Wyoming all have ratified it,
Arizona alone remaining out.

There is a tentative understanding
that no contracts will be let until
after a final effort is made to bring
Arizona into line in October. Any
court proceedings to be commenced
by Arizona are likely to be delayed
until after that time.

Construction Official's Son Fined on Girl's Charge

Bernard Callner, 18 years old, son
of Irwin Callner, vice president of
the Callner Construction company,
who resides at 765 Junior terrace, was
fined \$200 yesterday by Municipal
Judge John H. Lyle on a charge of
contributing to the delinquency of
Eleanor Hill, 17 years old, 4320 Char-
leston avenue. The girl testified that
Callner, driving back to Chicago with
her from Waukegan, stopped the car
and attacked her.

HEALTH OF WIFE GONE, COUPLE DIE IN SUICIDE PACT

Fear that his wife would ever re-
gain her health, leaving "nothing but
darkness ahead," caused William R.
Grote, 46 years old, draftsman, of 4651
Oakdale avenue, to shoot his wife,
Emma, 45 years old, to death yester-
day, and then send a bullet through
his temple. The double tragedy was
the result of a suicide pact, authen-
ticated by Kenosha, Wis., where the
shooting occurred, were convinced.

A note in Grote's pocket addressed
to his brother, Edward Grote, of 3121
North Mansfield avenue, read:
"We cannot stand it any longer.
There is only darkness ahead, and it
is better this way. Cremate us to-
gether. If possible, place us in one
casket, as I want Emma in my arms.
Place our ashes with dad and mother."

A postscript read: "Please get Em-
ma's wedding ring out of our vault
and place it on her finger."

Ald. Crowe Recovers from Injuries; To Leave Hospital

Ald. Dorsey Crowe [42d], who has
been in the Alice Home hospital in
Lake Forest with injuries received
three weeks ago in an automobile mis-
hap, has recovered and will be able
to return to his home by Saturday,
it was announced yesterday by the at-
tending doctor.

flat crepes in effective prints and fashionable
plain colors... Sports frocks with and without
sleeves... street frocks... afternoon modes.
Perfect for resort or town wear.

SENATE RADICALS JOIN FORCES FOR TARIFF STRUGGLE

Seek to Tie Debentures to Measure.

[Chicago Tribune Press Service.] Washington, D. C., June 20.—(Special.)—Senate radicals organized today for a fight against high tariff rates on industrial commodities. Nearly a dozen of the radicals met in the office of Senator Robert M. La Follette (Rep., Wis.) to map out their campaign. It was decided to allot the various schedules to different senators with a view to preparing material for use in an attempt to hammer down industrial rates when the tariff bill reaches the floor of the senate.

The radicals expect the cooperation of most of the Democrats and appeared confident that the coalition which operated during the consideration of the farm bill in the senate again would succeed in upsetting the program of the regular Republicans.

Agreeable to Farm Duties. The radicals will support high duties on certain farm products, but are not in complete agreement on this proposition. Most of them are likely to oppose the high duties on sugar, favored by some of the agricultural members. Some of the other agricultural rates may be subjected to attacks by this group.

The radicals will join in the movement to attach the export debenture scheme to the tariff bill. This has already been proposed in an amendment to the tariff bill by Senator George W. Norris (Rep., Neb.), one of the radical group. L. J. Taber, master of the National grange, appeared today before the agriculture subcommittee of the senate finance committee in support of the proposition.

Besides the debenture plan the radicals expect to favor amendments to the tariff bill hitting at stock speculation, such as have been introduced by Senators S. W. Brookhart (Rep., Ia.) and Carter Glass (Dem., Va.). Senator Brookhart indicated today that he might propose an amendment to the tariff bill to limit profits of industry to 5 or 6 1/2 per cent. Under his plan excess profits above this amount would be put back into the business and stock dividends would be issued to the treasury. Earnings on the stock would be paid to the treasury.

Loses More Than He Gains. Mr. Taber, in appearing before a finance subcommittee, asserted that the tariff bill passed by the house failed to correct inequalities between agriculture and industry. The effect of the bill, he said, is to retain the relative disadvantage of agriculture by the increase in industrial rates. "As an example of what we mean by this type of tariff revision," said Mr. Taber, "we call attention to a slight increase given hay, yet the duty on cordage and hay rope was increased from \$15 to \$19 a ton, plus an additional ad valorem on smaller grades of rope. (Thus the farmer gets a very slight increase in hay and pays from 300 to 500 per cent increase in tariff costs on his hay rope. "Agriculture is offered a 10 per cent tariff on hides, but there was added a compensatory duty of from 20 to 35 per cent on shoes. Many adjustments of this character will turn agricultural tariff revision into a hollow mockery."

ALLOCATE PRESS RADIO CHANNELS TO A TRUSTEE

Washington, D. C., June 20.—(Special.)—The radio commission today decided to release to Joseph Pierson, trustee of the American publishers' committee, construction permits for twenty communication channels reserved for the press.

These twenty channels would be for transoceanic communication and at the same time the commission ordered twenty channels set aside for Pierson for continental service.

The commission required that Pierson should submit before July 15 articles of incorporation of a single public utility corporation organized to operate these channels for the American press and providing bona fide public service on an equitable basis. Pierson must satisfy the commission by Aug. 1 or the permits will then lapse.

When the commission originally allocated transoceanic frequencies numerous protests were received and the

EX-POLICEMAN SEIZED IN RAID BY DRY AGENTS

Grover Heidelmeyer, former Chicago policeman and grandson of the late Police Inspector Max Heidelmeyer, was held in \$5,000 bonds by United States Commissioner Edwin K. Walker yesterday after prohibition agents arrested him in a saloon at 5344 North Claremont avenue where a quantity of beer, alcohol and gin was found.

Heidelmeyer is accused of being the proprietor of the place. He will be given a hearing before the commissioner this morning.

When arrested, Heidelmeyer first tried to escape through a doorway, then deployed his back and said he was just making arrangements to rejoin the police force. Heidelmeyer served six months on a similar liquor charge more than a year ago.

HOSPITAL NEEDS FOR INSANE VETS TOLD BY JARECKI

County Judge Edmund K. Jarecki yesterday issued a report on the inadequacy of government hospitals for the care of insane ex-service men in the state. The survey was ordered following attempts to secure accommodations for fifteen insane veterans who appeared before the judge at the Psychopathic hospital.

It was learned that there are 3,059 insane ex-service men in the state. Of this number 457 are in government hospitals, 777 in state institutions at Jacksonville and Elgin, 110 in other

Unveil Tablet to Field, Atlantic Cable Inventor

New York, June 20.—(Special.)—A bronze tablet in memory of Cyrus W. Field, who laid the first Atlantic cable in 1858, was unveiled today at No. 1 Lexington avenue, for forty years the home of the inventor. Four of the ten surviving descendants of Mr. Field witnessed the ceremony.

530 NEW POLICE TO START THEIR TRAINING JULY 1

Notices have been sent to 530 men on the eligible list for appointment to the police department to report for physical examination and Commissioner Russell said yesterday they will be added to the force on July 1. They will start training on that date at the school at the Fillmore street station and will be placed on active duty Aug. 1. The council granted the commissioner an increase of 750 policemen and 250 of them are now at work.

MILLER COOK

Now Summer Shoes

YOU'VE set a good example for coolness by wearing your Summer straw. Now put your feet into Miller Cooks. You'll be pleased with the difference between your old shoes and the new. SPALDING routs the theory that Golf is a Rich Man's Game

IN THE high price field, Spalding makes the finest Golf equipment it is possible to make. And Spalding uses this superlative equipment as a pattern for the Spalding moderate price golf equipment—for Spalding golf clubs, balls, and bags, at a price that's par for any pocketbook. Just to illustrate:

Thistle Golf Set—A really great value. A complete golf set including 3 irons (midiron, mashie and putter); 1 wood (driver or brassie); and steel-stayed, black-trimmed canvas bag. All for only **\$6.95**

Spalding Symetric Irons—These clubs are matched—and matched right, for Spalding originated matched clubs. A set of the five essential Irons cost only... **\$17.50**

Bought separately, Symetric Irons cost... **\$35.00** each

Kro-Flite Golf Balls (seconds)—These Kro-Flite Golf Balls are called "seconds" because of tiny defects that in no way affect playing qualities. They are the equal of the higher priced "firsts" of most brands. Each **50 cents** Dozen **\$5.45**

Caddy Bags—Your choice of light, handy canvas or duck, or handsome rich leather... **\$1.50 to \$18**

These are but samples of the values to be found in Spalding's moderate priced golf equipment. Come in and look this line over.

DON'T LET'S BE SO EFFICIENT, PARIS PLEA OF DARROW

Why Not Allow Every One to Live Own Life?

PARIS, June 20.—A plea for a little less efficiency, more play and more kindly tolerance in the United States was made today in an address by Clarence Darrow at a luncheon held by the American club of Paris.

"All my life," the Chicago lawyer said, "I have been wanting to reach the point where I should have no need to be efficient, and now I have arrived. I try to sleep until noon and don't aim to do anything after I get up. I generally succeed. I did not come here to get a drink. I came over to get a kind of drink, however, which would not paralyze me at once."

Regrets Long Hours of Work.

"I am very sorry we are not learning how to live in America but that we are learning how to make things which do not sell them to somebody who is not making them. I have regretted the long hours I have worked, but I never regret those in which I played. I wish some fellow like Henry Ford or Rockefeller or some other patron saint of America with great organizing ability would teach us how to be inefficient and happy."

"I like France because the first time I came here nobody preached to me, nobody told me which church I should go to, nobody told me what I ought to drink, and nobody lectured to me when I went to the Moulin Rouge and other places of interest and importance.

Still, He Likes America.

"Still, I like America better than any country in the world because I know what they are talking about and I can answer them back. I do not know in France and I only have a glimmering of it in England. I am used to America, and a large part of our patriotism is a habit.

"All individuals are different in structure and emotions and I think every individual should develop his life as he sees fit. After we get plenty of business efficiency in America I hope there will be a crusade to go back to the doctrines of our fathers on the right of every human being to regulate his own life as he sees fit."

LAMONT NAMES GROUP FOR NATIONAL STUDY OF AUTO ACCIDENTS

Washington, D. C., June 20.—(AP)—Secretary Lamont today announced the appointment of a special committee to investigate automobile maintenance and to determine steps to reduce the number of accidents "from faulty mechanism."

William Candler of Atlanta, Ga., is chairman of the committee, composed of thirty-eight representatives of manufacturers, automobile dealers, motor clubs, and operators which met here today.

Secretary Lamont, who is chairman of the national conference on street and highway safety, said estimates indicated that from five to forty per cent of all serious accidents on the highways were due to faulty maintenance.

William R. Dawes, Chicago, chairman of a committee of the national conference on highway safety, announced that a sweeping investigation of causes and remedies of grade crossing and highway intersection accidents would be made by his committee.

Youth Drowns in River Near Wheaton; Body Found

Edward Taylor, 23 years old, son of a farmer living at Warrenville, three miles south of Wheaton, was drowned in a thirty-foot hole in the Du Page river near his home yesterday. Two boys standing on the bank watched him dive into the river and when he failed to come up notified their parents. Wheaton police found Taylor's body after a two hour search.

HAMMOND CHILD KILLED BY AUTO DRIVEN BY PRIEST

Fred Wright, 3 years old, 218 Chicago avenue, Hammond, was run down and fatally injured last night when he stepped from the curb in front of his home into the path of an automobile driven by the Rev. Francis J. Quinn, a Roman Catholic priest of Lafayette, Ind. The child was taken to St. Margaret's hospital in Hammond, where he died several hours later from a fractured skull. The clergyman, who said the accident was unavoidable, was held in \$2,000 bonds for an inquest today.

"No More Shiny Noses" says Washington Bud

Tates avenue, a salesman, and two women companions, Miss Eleanor Fern, 25 years old, and Miss Eleanor Evans, 24 years old, both of 661 Deming place, were injured when the automobile in which they were riding crashed into a traffic light post at Michigan avenue and Pearson street. The three were riding with W. J. McArdle of the Morrison hotel.

With no deaths reported yesterday the 1929 Cook county motor toll remained at \$64.

"Girls! Ziegfeld Judges them by Their HAIR!"

Fla Ziegfeld, whose "glorification of the American girl" has received international recognition, says:

"I find that sparkling hair—hair that catches the lights of the theatre—is an invaluable addition to feminine beauty. In casting my productions, I always keep this in mind."

They all agree—the connoisseurs of feminine beauty on stage and screen. Hair lustre is essential. And now it can be yours. For the pinch of henna in Hennafoam will light those natural fire-whites you enjoy the most luxurious shampoo you've ever experienced. And it won't change the color a fraction of a shade.

At all drug stores, or we will send generous sample for the price of shipping. Just write Dept. 621-TR, 511 W. 42nd Street, New York City, enclosing 10c.

DRY KILLER HELD FOR MURDER; IS DENIED FREEDOM

State Calls Slaying of Youth 'Unwarranted.'

Buchanan, Ga., June 20.—[Special.]—Luke Woodward, 41, court bailiff of Harrison county, who last Saturday night, shot down and killed Grady Phillips, 21, while he was in an automobile near here playing a banjo, under the excuse that he believed his automobile contained liquor, today was held for action by the grand jury on a charge of murder. He was denied bail.

It was brought out at the preliminary hearing that Phillips and three companions, Otis John, Kenneth and

Luke Woodward, his brothers-in-law, were on their way to a neighbor's house to "make music"; that none of the four had been drinking, and that the car already had been searched once before the shooting with the result that nothing had been found but groceries and some kerosene. No liquor was found in the auto after the shooting.

Called "Unwarranted Murder."

Following a mass of evidence offered by both sides, Col. W. W. Mundy, former solicitor general of the Tallapoosa circuit, made a dramatic plea for vigorous prosecution following what he termed an "unwarranted murder."

He argued the ball would be unjustified because the crime was not justified. "Ballenger knew these boys," Solicitor General Ragsdale said. "He knew when he searched the car a little while before there was no liquor in it. He found only groceries and a bottle of kerosene. Malice on his part is implied by his act of shooting this man to death after he had ordered the driver to stop and he had refused to obey the officer's orders." Judge Edwards, in ordering Ballenger held, said he would say nothing to influence the case one way or another.

Ballenger testified in his own de-

fense. He denied any intent to kill Phillips and was at a loss to explain how his bullet could have found its mark in Phillips' brain.

Push Effort to Quash Killers.

Plattsburg, N. Y., June 20.—[Special.]—Sheriff George Brunell today left for Ogdensburg with new subpoenas for service upon Weldon J. Cheatham and F. L. Covey, customs border patrolmen, wanted for questioning in a John Doe hearing here growing out of the fatal shooting Saturday of Arthur Gordon, 22, alleged rum runner.

The new subpoenas for the officers, who left Gordon dead at a hospital here after shooting him on a so-called "boose trail" near Mooers, where they then were stationed, were enforced by County Judge John K. Collins. The subpoenas, which sheriff's men were unable to serve after Covey and Cheatham left the county, were signed only by City Judge R. C. Booth.

The action of the county judge marked a new move in the effort of Clinton county to force the two customs men to a hearing.

The new subpoenas are returnable Monday in City court. If these subpoenas are ignored then the county judge has the authority, he explained, to issue warrants for the arrest of these named on-charges of contempt of court.

U. S. HUNTS RUM SHIP'S CREW FOR SHOOTING TO KILL

Charged with attempted murder they can be extradited from Canada.

Gen. Victor Williams, commissioner of the Ontario provincial police, said today that Windsor police and provincial police have been watching for weeks for armed runners. In one or two cases where guns have been found, he said, the men were set up in the defense that the boats are their homes and that they have a right to be armed for their own protection.

The Detroit common council today revised its resolution against "promiscuous shooting" in the Detroit river by substituting the words "caution against the unnecessary use of high powered firearms" for "protest against the continuance of this policy."

163 Embryo Sailors Here on Way to Join Fleet

The loop and north shore communities were given a bit of wartime atmosphere yesterday when 163 embryo sailors passed on their way from the Great Lakes Naval Training station to the west coast.

EX-DRY SPY FOR CARBARY SEIZED ON U. S. CHARGES

James C. McGinley, 1633 North Key-stone avenue, until June 3 an undercover liquor snoper for State's Attorney George Carbary of Kane county, was arrested by deputy marshals in Chicago yesterday and charged with impersonating a government officer, intimidating a witness and obstructing justice. He was released in \$1,000 bonds by United States Commissioner Edwin K. Walker pending a hearing on June 25.

According to information given Assistant United States District Attorney Daniel Anderson, McGinley is alleged to have claimed he was a deputy marshal when on raids during his tenure of office and to have intimidated Anton M. Mouritsen, another investigator, shortly after McGinley was dropped from the pay roll on June 2.

Carbary said he had hired McGinley for only twenty days and has not yet paid him \$385 which was turned in as expenditures and salary for snooping.

HEFLIN ADMITS USING ALCOHOL, BUT NOT DRUGS

Senator's Son Says He Was Just Fooling.

(Chicago Tribune Press Service.) Washington, D. C., June 20.—(Special.)—James Thomas Hefflin Jr., son of the bone dry Alabama senator, pleaded not guilty and demanded a jury trial today when he appeared in court to answer a charge of driving an automobile while under the influence of drugs. The case was continued.

The senator's son, who recently gained notoriety by becoming intoxicated on returning from Panama on a government vessel and casting aspersions on his father's attacks on Alford E. Smith, was kept busy explaining just what happened yesterday when he was arrested after his automobile crashed into a truck.

Visit to Doctor Revealed. Meanwhile the police learned that Hefflin had visited a physician a few days ago, giving his name as Mr. Thomas, and was given a prescription for a narcotic for his nervous condition. The police are holding a syringe which was found in Hefflin's car and have turned over to the narcotic division of the treasury department for analysis, a bottle purporting to contain tonic.

"Here's the way it happened," Hefflin recounted today. "I hadn't had a drink from April 13, which was a few days after the trouble I had when I arrived in New York from Panama, until June 10. Yesterday morning, however, I began drinking grain alcohol about 10 o'clock. I must have drunk about half a pint during the day."

Drunk on Other Trips. "My car was being repaired in a garage at 14th and L streets. A little before 4 o'clock they telephoned me to come for it. I wasn't half as drunk as I have been when I have driven without any trouble. Everything went along all right until I got to 7th street.

"There was a big truck in front of me. The cop switched the truck came to an abrupt halt. I jammed on the brakes, but I couldn't stop in time. The driver and I got out and he said that it was his fault. I was about to get in my car, because I was in a hurry to get back home to get a drink, when the policeman walked up and smelled my breath. I told him I had taken a drug and he said, 'So, you're a drug addict,' and took me off to the hospital."

William H. Harland, traffic director

DEDICATE HISTORIC TOTEM POLE WITH "POTLATCH" IN PARK

The totem pole "Kwa Ma Rolas," bearing on its carved sides the history of the ancient tribe of Haida Indians, was dedicated yesterday in Lincoln park at Addison street with a "potlatch," the Alaskan Indian ceremony of presentation. Children of the Alcott school, among them Clifford and Violet Webb, descendants of the Mohicans, enacted a legendary pageant woven from an interpretation of symbols carved on the pole at intervals throughout the hundreds of years during which generations of Indians were engaged in carving it.

J. L. Kraft, Chicago collector of historic and prehistoric American relics, who presented the emblem to the park, negotiated for years with British Columbian officials before permission was granted to bring it to the United States. Such poles, Mr. Kraft explained, are very rare.

Forty feet high and five feet in diameter, the totem is embellished with hieroglyphics and pictures hewn on the cypress log as a record of momentous events in the life of the tribe. Many of the earlier inscriptions are undecipherable, reaching back to great antiquity. The pole belongs to the school children of Chicago.

In the District of Columbia, announced that he revoked Hefflin's automobile operator's permit as a result of his arrest.

SENATOR BELIEVES SON.

Toledo, O., June 20.—(AP)—Senator Thomas Hefflin of Alabama said here today that he is satisfied there is no truth in the charge that his son was under the influence of a narcotic drug while operating an automobile in Washington last night.

"The boy may have had a drink," Senator Hefflin said, "but I am sure he had nothing to do with narcotics. Of course, I'll stand by him. I will do everything I can to help him out."

Perfect Pickle Displayed; Hailed as Art Triumph

(Picture on back page.) Science, ever seeking, ever skeptical, has reached finality at last! The modern pickle cucumber, after ten years' effort, is a thing of beauty and a joy forever and 100,000 more acres than ever before have been pressed into service to satisfy the American housewife's craving for the 1935 streamline model. It was declared perfect yesterday by Prof. George Starr of the Michigan College of Agriculture in an address before the National Pickle Manufacturers' association at the Palmer house. For the first time in years the demand for pickles has equaled the supply and this was attributed by Lees Ballinger of Keokuk, Ia., to the modest cucumber's improved appearance.

TWO FLYERS DIE AS PLANE FALLS IN MINNESOTA

White Bear Lake, Minn., June 20.—(AP)—Two men were killed near here tonight as an airplane crashed into a field. They are Seymour S. Thuermer, 34, a salesman of Minneapolis, who held a pilot's license, and Paul Beck, 21, of Winona, Minn., who was learning to fly. Witnesses said the engine apparently failed. The plane dove downward and then went into a spin.

Makes Own Plane; Killed. Seal Beach, Cal., June 20.—(AP)—Charles Penn Warden, 25, was instantly killed, and Walter Cole, 19, seriously injured when their airplane crashed from a height of 400 feet late today, both reside in Pasadena. The plane had been constructed by Warden, who was an experienced pilot.

Student Flyer Badly Hurt. East St. Louis, Ill., June 20.—(AP)—Jack Magnusson, a student flyer at Park's air college near here, was seriously injured late today when a plane in which he was making a solo flight crashed in a field near Millstadt, Ill.

3 DIE AS PLANE HITS HIGH POWER WIRE, EXPLODES

(Chicago Tribune Press Service.) MONTRIEAL, June 20.—Three persons were killed in a seaplane accident in the St. Lawrence river this afternoon. They were Dr. William D. Morris, aged 28; Capt. J. C. C. Jervis, of Canadian Vickers, Ltd., and Capt. C. S. Caldwell, pilot for the Vickers firm.

All three men were trapped in the blazing plane as it fell into the river near Yums Island after striking a high tension wire and exploding. The bodies were recovered several hours later.

Capt. J. C. C. Jervis was the eldest son of Lord St. Vincent and was former aide de camp to Lord Willington, governor general of Canada. Capt. Caldwell was at the controls of the machine, which was a Fokker cabin monoplane.

Find Nephew on Jury, So McCunn Rum Trial Fizzles

(Chicago Tribune Press Service.) New York, June 20.—(Special.)—The trial of New York's "blue ribbon" bootlegger ended in a dramatic reversal today. An anonymous letter disclosed a nephew of James M. McCunn on the jury which is trying him, Edward Maloney, Frank Collins, and John H. Spellman in federal court on a charge of conspiracy to defeat the Volstead act. Judge Edward R. Holmes declared a mistrial of the case just as the defense was about to put in its evidence.

ARMED AND KILLING SUSPECT. Frank Weiss, 37 years old, 2830 Fletcher street, a watchman, was discharged for lack of evidence yesterday when arraigned before Judge Joseph Burke as an accessory after the murder several weeks ago of Patrick Mahoney, gangster.

CHILD SURVIVORS IN POISON CASE MAY RECOVER

Six year old Richard Kravitsky and his half-sister, Doris Markowski, 17 months old, have a chance of living, according to reports from the county hospital last night, although the poison which killed three of their brothers and sisters and affected their parents, Mr. and Mrs. Irving Markowski, has not yet been discovered. Richard was able to move his hands and to speak yesterday afternoon, and the baby was conscious.

Coroner Herman N. Bundesen, Dr. Ralph W. Webster, his chemist, and Prof. Edward O. Jordan, bacteriologist of the University of Chicago, are continuing their search of the organs of the three dead children.

No sighs over our shirt sizes! Regular size men, short tall, thin, or stout men will find in our shirts the right proportion between neck and chest sizes, sleeve and body lengths that make for complete comfort.

NEXT MOVE FOR DISARMAMENT IS PUT UP TO U. S.

Britain Expects Hoover
to Outline Views.

BY JOHN STEELE.

[Chicago Tribune Press Service.]
LONDON, June 20.—The next step in the British-United States disarmament negotiations is coming from Washington, and is expected in the next day or two. Just what form it will take is not known here, but it is likely that there will be some pronouncement by President Hoover indicating the machinery by which negotiations can be carried out.
It is learned that it is not likely that Prime Minister Ramsay MacDonald will visit America before fall, but the timing of his visit will be based on a psychological moment for his effect on the progress of the negotiations. Mr. MacDonald himself is anxious to go as soon as political conditions here permit, but he is more anxious still to get the last ounce of effect out of his visit with reference to a disarmament agreement, on the success of which he has set his heart.
Parliament Next Week.
Parliament meets next Tuesday, but the first day will be occupied solely by the election of the speaker and the swearing in of new members. The real beginning in business will be made in the sessions following Tuesday, when the king's speech, now being prepared by Mr. MacDonald, will outline the government's policy.
J. H. Thomas, lord privy seal and minister for unemployment, got down to business today, when he had the managers of all the principal railroads in Great Britain meet him at Downing street for a discussion of railway development.
MacDonald Pines from Scotland.
Mr. Thomas is anxious to proceed immediately with modernization of the roads' rolling stock and with electrification wherever possible, and is willing to consider a scheme for cheap government credit to roads for such a purpose.
Mr. MacDonald arrived at Hendon airbase, near London, at 4:35 p. m. today after having flown from Lismouth, Scotland, a distance of about six hundred miles.
The prime minister expressed himself as delighted with the flight, saying that air is the best way of traveling. He went directly to his home in Hampstead, where he was visited by several ministers. He plunged immediately into a discussion of the king's speech.
League Gives Its Views.
GENEVA, June 20.—[U. P.]—Ambassador Charles G. Dawes' speech in London Tuesday night was viewed in league of nations quarters today as a complete summary of the league's efforts toward disarmament since its foundation.
Observers here did not regard the new American ambassador's speech as advancing a novel theory, but as merely stating in a vigorous manner, designed to interest the general public, exactly what the league constantly has held as the only practical method of disarmament procedure.

BRUSH WILL PROVIDES MILLIONS FOR BIRTH CONTROL INSTRUCTION

Cleveland, O., June 20.—[U. P.]—Millions of dollars for the spread of birth control information was provided in the will of Charles F. Brush, inventor, filed for probate today.
The exact amount of Brush's estate is not known, but he was a multi-millionaire.
After leaving \$100,000 to a church, his old mansion to his daughter, and choice art works to the Cleveland Art museum, Brush willed most of the remainder of his estate to the Brush foundation. This was established for the spread and stabilization of birth control. A storm of protest followed its inauguration.
At the time he announced his foundation, the inventor said its purpose was "to contribute to the betterment of the human stock and to the regulation of the increase of population, to the end that children shall be begotten only under conditions which make possible a heritage of mental and physical health and a favorable environment."

NEGRO SHOT BY POLICEMAN.
Michigan City, Ind., June 20.—[Special.]—Willie McRae, Negro, was shot in the right arm by a policeman this morning when he attempted to escape after arrest on suspicion of auto theft.

JAPAN READY TO JOIN NAVY PACT, U. S. INFORMED

Wants "Peace and Less
War Expenditure."

[Chicago Tribune Press Service.]

Washington, D. C., June 20.—[Special.]—President Hoover's campaign for naval reduction was boosted today by the receipt of official information that the Japanese government is prepared to support any measure looking toward the reduction of the world's navies.
Edwin L. Neville, American chargé d'affaires at Tokyo, notified the state department that the prime minister of Japan had informed him that his government "was prepared to support any measures looking to further reduction of armaments, and that Japan wanted peace and lessened expenditure for war purposes."
No information regarding the views of France and Italy toward the dis-

armament suggestions enunciated by Ambassador Dawes and Prime Minister Ramsay MacDonald in England Tuesday night has been received.
Divide on Early Conference.
Congressional comment has been divided on the advisability of holding an early naval reduction conference. Representative Fred A. Britten (Rep., Ill.), chairman of the house naval affairs committee, issued an optimistic statement today in which he suggested that Great Britain take the initiative in calling the next naval conference.
Mr. Britten declared, however, that if the conference was to be a success it must be divorced from the league of nations and old line European diplomacy.
"I do not agree," he said, "with Ambassador Dawes' view that the preparatory commission of the League of Nations should pave the way for the next conference, because that commission has been doing this very thing for five years without success."

Cermak Back from Mayo Clinic; Pronounced O. K.

Anton J. Cermak, president of the county board, yesterday returned from Rochester, Minn., where he had been under observation for more than a week at the Mayo brothers clinic. Mr. Cermak declared that he was found physically sound and in no way impaired by his recent illness. On his return President Cermak gave his annual outing to the tubercular children of the Oak Forest institution.

CONVICT LEADS 42 TO FREEDOM; 15 RECAPTURED

Brainerd, Tex., June 20.—[U. P.]—Armed possees ranging the Brainerd river bottoms behind packs of bloodhounds to night were gradually rounding up the 42 convicts who escaped early today from the Clemons state prison farm here.

Fifteen of the fugitives have been recaptured. Two were shot and slightly wounded before being taken.
Those participating in the break were regarded as hardened criminals. About 150 other convicts not classed as desperate refused to join in the break, although the way to freedom was opened for them.
The break occurred about 2:15 a. m. and was led by Joe Williams, serving a five year term for robbery. Williams

approached a guard on duty in a frame barracks guarding 42 men.
"I want to get a little paper," he said. When the guard turned, Williams covered him with a pistol, ordering the officer to hand over his gun.
When the guard started to argue, Robert Massey, serving three years for theft, came up behind armed with a pistol and forced the guard to surrender.
Two other guards then were overpowered and the convicts fled from the farm.
Leavenworth, Kas., June 20.—[U. P.]—A near riot broke out in the federal prison here today when Carl Panzram, 28, convict, killed R. G. Warnke, foreman of the prison laundry, and attempted to attack fellow prisoners with a flat iron.

BOY BURNED TO DEATH.
Lafayette, Ind., June 20.—[Special.]—Watchdog named of paint by a blow torch, Thomas Perry, 8, got too close and was burned to death at the Pythian home here.

JURY OF MARRIED
MEN CHOSEN FOR
HARDINGE SUITSoldier Claims Oil Man's
Wife on Eve of Trial.

(Picture on back page.)

A jury of middle aged, married men, most of them fathers of families, was selected yesterday to hear the details of the romance of Franklin S. Hardinge, 61 years old, millionaire manufacturer of oil burners, and Miss Ann Livingston, 30 years old, a sparkling-eyed divorcee.

What those twelve veterans of matrimony will hear from the lips of the principals will be plenty, all concerned in the case agreed. Even Judge Charles H. Miller of Benton, Ill., who presided over the sensational "Machina Gun Charlie" Burger trial, and who is sitting in Cook county for a period, is expected to cook an anticipatory ear when Miss Livingston takes the stand this morning.

Asks \$250,000 Balm.
Miss Livingston wants \$250,000 from Hardinge because, she alleges, he jilted her on the very eve of their wedding in January, 1928. His answer is that he discovered she was more enamored of his gold than of his person and that he was justified in not marrying her.

Hardinge's attorneys were denied their plea for a change of venue at the morning session. Judge Miller decided there was no reason why the case should not be heard in his court. A new development entered the case yesterday as the jury was being chosen. Attorney George Burman, judge advocate of the Rogers Park post of the American Legion, appeared in court with a letter he received some weeks ago from Sgt. Troy E. Weems

of the headquarters battery of the 33d field artillery at Fort Benning, Ga. The letter stated that Hardinge's present wife, whose identity has remained a mystery since the marriage last November, is still Mrs. Weems.

Hardinge's wife was revealed only as "Peggy" last fall. Sgt. Weems declared that "Peggy" was his wife and that she ran away from home with Hardinge in May, 1928. He said he had learned that his wife obtained a divorce in Nashville, Tenn., last March and he is now seeking to set the divorce aside on the ground that he was not notified.

Everything's All Right, He Says.

Mr. Hardinge twirled his mustache and lifted his eyebrows when informed of this letter. Then he smiled. "I've been in touch with Weems," he said. "My wife secured a divorce from him and we have since gone through a second ceremony to make it all legal. Everything's all right."

Miss Livingston yesterday wore a simple black gown admirably adopted for a day of jury picking.

Romance Starts on Train.

She met Hardinge in the summer of 1927, according to her story. Both were on the observation platform of a train bound for Denver and romance bloomed so quickly that a wedding was set for January 29, 1928. A wedding supper had been ordered at the Blackstone hotel. A minister visited at the Buena Memorial Presbyterian church to marry them.

But the supper was canceled, this minister notified that he need wait no longer. Miss Livingston, according to reports, had refused to sign a prenuptial contract which waived all her right to Hardinge's property for \$100,000. A week later Hardinge sailed alone on a ship bound for Cuba in the bridal suite which had been engaged for the honeymoon.

Public School Pupils Aid
Fight Against Hay Fever

(Picture on back page.)

Doing their bit to lessen cases of hay fever, pupils of the Shakespeare school branch, 41st street and Lake Park avenue, have been uprooting the dried rag weed in prairies in the vicinity of the school and their homes. Their efforts to date have netted them twenty-six bushels of the weed.

HOOVER TO KEEP
UP HIS WEEK-END
FISHING TRIPS

(Chicago Tribune Press Service.)

Washington, D. C., June 20.—(Special.)—As a result of developments today, President Hoover will continue to spend week-ends now and then fishing for trout on the Catskill Furnace estate of his secretary, Lawrence Richey.

For a time it appeared that protests of local fishermen near Frederick, Md., against the President's exclusive use of Hunting creek, a trout stream on the fishing preserve, would result in the sale of the property by Mr. Richey.

Today, however, Mayor Lloyd C. Culler of Frederick, together with a large number of the city's officials and civic organizations, joined in urging Mr. Richey not to dispose of the Hunting creek preserve. The protests of local fishermen were deprecated and announcement was made that Frederick citizens were delighted to see

the President as often as he wished to spend week-ends there.

"We sincerely trust," Mayor Culler said, in a letter to Mr. Richey, "you will not dispose of your property at Catskill Furnace. We respectfully urge the President and you and your friends to come often to our city and assure you of a most sincere welcome. Our city values highly your acquiring the Furnace tract and our people very much resent the attitude taken by one man who does not represent their thoughts and desires. Our attitude is one of warm hospitality."

In announcing yesterday his intention to dispose of his property and look elsewhere for a fishing preserve, Mr. Richey said he did not care to have the President embarrassed, explaining that Mr. Hoover has no wish to fish at any point where he could be charged with limiting the rights of local fishermen. He added that he bought the property on the understanding the creek would be private.

CHILD FALLS IN STONE QUARRY.
Bokomo, Ind., June 20.—(Special.)—Karl Lutz, 7 years old, ran away from home today. He fell 80 feet and lay unconscious for long. There is little hope for his recovery.

An extraordinary opportunity—

CHICAGO KILLERS 20 TIMES BUSIER THAN LONDON'S

And Chances Are 4 to 1
They'll Escape.

If statistics mean anything, a resident of Chicago has twenty times as many chances of being murdered as a citizen of London. Figures on murders in Chicago, released yesterday by the Chicago Crime Commission, showed that coroner's verdicts of murder last year outnumbered the murders in London by more than twenty to one.

On the other hand, a slayer in Chicago has only about one chance in two hundred of paying for his crime with his life, while the odds are four to one that he will go free entirely, according to the commission's figures. In London, apparently, he hasn't a chance of going free at all. The Chicago statistics indicate that a slayer has an even chance of being indicted and two chances out of five for an acquittal if he goes to trial, although the odds are about even that he won't go to trial at all, and only one chance in thirty-two of receiving a death sentence. If he is sentenced to death, the odds are five to two that he won't reach the electric chair.

All London Killers Pay.
Murder in London was revealed as a precarious proposition when cables from the British capital stated there were just 18 of them in that city in 1928, and that every one had been cleared up. Of the 18 persons who committed the 18 murders, 11 were convicted and the seven others committed suicide when the law was closing in on them.

According to Henry Barrett Chamberlain, director of the crime commission, there were murder verdicts returned in 229 cases by coroner's juries in Chicago in 1928. There were in 203 of these cases indictments by the grand jury. The 203 cases involved 238 defendants, and of these 188 were disposed of.

77 Sent to Penitentiary.
Of this last number 77 were sent to the penitentiary, 70 were acquitted by juries, five were sentenced to death; three went to Chester prison for the insane; one went to the state reformatory, and one to each of three insane asylums.

The cases of twelve were stricken off with leave to reinstate, and the state disposed of 14 others by nolle prosequi.

Of the 77 sentenced to the penitentiary, only 16 were given life, the remainder getting lesser sentences. Of the five sentenced to death only two have been executed. They were Anthony Greco and Charles Wals, 19 year old youths, who died in the electric chair for the murder of a policeman; boys defended by counsel appointed by the courts.

SNOOK ADMITS HE KILLED OHIO COLLEGE GIRL

Confesses After Days
of Grilling.

(Continued from first page.)

broken from a ring that contained several other keys and that these were scattered in the tall grass that surrounded the murder spot was the hunch upon which Detectives Robert McCall and Otto Phillips forced Snook's confession.

Some reason was necessary for tearing the keys from the ring, the detectives believed. Their idea was that whoever tore them apart needed one or more of the keys, but not the others.

Those found were fitted into locks, one in the apartment where Miss Hix roomed with two other co-eds, another a lock on her trunk, another to a safety deposit box.

It was the missing key which detectives in the 16 hour grilling of Dr. Snook last night and this morning forced Dr. Snook to admit he took from the body of Miss Hix after she was dead.

Entangled by a Trick.
Purely upon supposition, Phillips pulled a "fast one" on the doctor, acting on his hunch that the key in question was to the apartment Snook maintained with Miss Hix in the university district.

"Peggy has told all," Phillips lied to Dr. Snook. "She has told about going up to the apartment with Miss Hix on the day she was killed. Where did she get the key?" "Peggy" is

a young woman acquaintance of Miss Hix, who was to have lunched with the dead girl on the day of the discovery of her body.

Dr. Snook then admitted that he had seen Miss Hix Thursday, contradicting previous statements that he had last seen her Wednesday afternoon. He had given her the key then, he said, in contradicting himself.

He previously had said he had given her the key on Monday morning. With this established, Phillips said: "When did you get it back?"

Dr. Snook recalled that he had returned both his key and Miss Hix's key to the apartment owner last Friday, the day after the murder.

Last Resistance Vanishes.
"Where did you get this key?" was the next question.

Dr. Snook evidently believed that Phillips knew as much about his movements as he did himself.

"You know where I got it," he answered.

From the girl's body?" Phillips asked.

"Yes," admitted Snook.

During the lengthy questioning this afternoon, following the first break of Dr. Snook, the city chemist's report

was presented to Prosecutor John J. Chester Jr. Chester took the report, read some of it, and pencilled a short note which was passed around the room where Snook was being questioned. The note contained the fact that the chemist had found the stains on Dr. Snook's automobile were made by human blood.

When Snook was shown this note, he wilted and agreed to write out his confession.

After his confession Dr. Snook told the prosecutor that he "wanted to get it over quickly" and would plead guilty to a first degree murder indictment, which Mr. Chester will ask at the grand jury session tomorrow. The prosecutor said tonight that he believed Snook would change his mind and stand trial in the hope of escaping electrocution through a jury recommendation for mercy.

He said Snook would be arraigned on Monday and that if he pleads guilty will be sentenced as soon as possible.

Alibi Nearly Perfect.
Dr. Snook has been in the custody of police since last Saturday. He had stoutly maintained his innocence of the crime and had prepared an alibi with his wife, but discrepancies de-

veloped. There was confusion about the time she had seen him in the kitchen of their home. She said he did not prepare a "midnight lunch." He said he had. And so the near perfect alibi crumbled.

Starting at noon Wednesday, Dr. Snook was questioned. Through the long hours of the night and up until 6:30 this morning the various officers on the case "spelled" him with questions.

He was given a breakfast and again the grilling started.

Dr. Snook admitted burning the clothes of the dead girl in his furnace of his home. The clothes, taken from the "love nest" apartment, were two pairs of pajamas and two pairs of shoes. They were burned the day of the killing.

He told of removing some of the other articles of clothing in the room, a razor and some towels, explaining that blood would be found on the towels when they were found.

Marion T. Meyers, attaché of the agriculture department at the university was arrested with Dr. Snook in connection with the killing. He was released from custody a few days ago. He also has been dismissed from his position at the university.

Karees
Face Powder

Contributes notably to a well-rounded
appearance, but its presence as a powder
is not apparent. So perfect in formula
and so pure in every ingredient, it serves
as a protection to the skin as well as a
definite aid to beauty. Its appeal is en-
hanced by the lingering richness
of Karees' Perfume. Offered in
five correct tints.
Flattop Face Powder, \$1.00

**NATURALLY WAVY HAIR
DEVELOPED**
through
Anger's
method
with VANKAI
Trains and transforms
the straightest hair
into soft, fluffy, lus-

AMERICAN COLOR LINE LEADS TO DIPLOMATIC ROW

Haitian Envoy Is Barred
by Paris Night Club.

BY HENRY WALES.
[Chicago Tribune Press Service.]
PARIS, June 20.—The deference of
the proprietor of one of the largest
cafes in Paris to the race prejudices of
his American customers resulted in a
diplomatic episode today when Stephen
Alexis, Haitian chargé d'affaires at
Antwerp, complained to Premier Poin-
caré and Foreign Minister Briand that
he had been shown the door last night
when he tried to enter "La Coupole,"
famous Montparnasse night haunt, in
company with Princess Mansour
Daoud, wife of the crown prince of
Egypt.

Following a quiet dinner in La Cou-
pole grillroom, the princess and her
escort, whose skin is of a dusky hue,
decided to stop in for a few min-
utes at the recently opened cabaret
in the basement of the café. They
were politely but firmly stopped at the
door by a gaudily uniformed attend-
ant.

American Bar Negroes.
"I am very sorry, but we have strict
orders not to let Negroes enter be-
cause their presence is displeasing to
our American clients," the attendant
said.

Drawing himself up to his full
height the diplomat left the establish-
ment without argument, escorting his
royal guest to a luxurious car await-
ing them at the curb. As soon as he
reached his hotel he wrote a long
letter to the French premier and for-
eign minister.

"Such treatment goes farther than
my humble person," he said, "for
France has some 100,000,000 loyal col-
ored subjects. If all proprietors of
public establishments in Paris took a
similar course the situation would be
a call for royal attention."

Press Is Aroused.
The proprietor of La Coupole, which
is noted for its cosmopolitanism, today
admitted he had meant it to apply only
to Negro rowdies.

However, the affair had a loud re-
percussion in today's Paris press, which
is unanimous in declaring that things
have come to a pretty pass when
Americans are going to dictate who
is to be permitted to enter and who
is to be excluded from French cafes.

The present case is the first time the
color line has been drawn in a
Parisian public institution.

Pitchfork Falls from Hay
Mow Into His Back; Dies

Roberts, Ill., June 20.—[Special.]—
William H. Johnson, 60, farmer living
near here, died last night fifteen min-
utes after a pitchfork, which fell from
the haymow, struck and passed
through his back.

LATIN DEPUTIES HURL INKWELLS AND CRY FORDUEL

Argentine Debate Ends
in Riot.

BY HAROLD TATAM.
[Chicago Tribune Press Service.]
[Copyright, 1929, By The Chicago Tribune.]
BUENOS AIRES, June 20.—The de-
bate of the Argentine chamber of de-
puties on the recent wholesale dis-
charge of government employees was
the occasion for one of the noisiest
sessions of what frequently is a noisy
assembly.

When the opposition deputy, Señor
Vinas, scored what he called "the
brazen injustice of the ruthless dis-
missal of thousands of humble em-
ployees for purely political ends" his
remarks so aroused Deputy Bergalli
of the party of President Irigoyen
that the latter hurled a cup of tea
at the sarcastic orator.

Señor Vinas promptly retaliated
with a large ink pot, blotting pad,
and some heavy caliber adjectives.

The deputies of the center arose
en masse to advance against the de-
puties of the right, but the imminent
engagement was averted by the action
of the more level-headed legislators
who intervened.

Deputy Nunes Lomana, animated by
hostile feelings toward Señor Vinas,
tried to draw a revolver, but was dis-
armed. The speaker of the chamber
then closed the session without more
ado.

Following the stormy debate in the
chamber Señor Vinas sent seconds to
Deputy Bergalli demanding satisfac-
tion. Bergalli named seconds, who
promised to give all the satisfaction
necessary.

The seconds tried to pacify their
principals, but it was understood late
tonight that peaceful counsel has
failed to prevail, and the duel has
been arranged for early tomorrow
morning. Pistols will be used.

HOOVER SIFTING 400 SEEKERS FOR EIGHT FARM JOBS

Washington, D. C., June 20.—(AP)—
President Hoover spent the first day
of the congressional recess at his of-
fice considering a variety of subjects
brought to him by more than a dozen
callers and by administration officials.
Additional names for consideration

as members of the federal farm board
were presented; chief among them that
of U. B. Blalock of Raleigh, N. C.,
manager of the North Carolina Cotton
Growers association. Information at
the White House was that more than
400 names have been suggested for
the eight places on the board, which
is to administer the new farm law and
the \$500,000,000 revolving fund to as-
sist cooperatives in orderly marketing.

JERSEY CITY....

A GOOD
PLACE TO
RAISE
A FAMILY

Not a sermon preached by ANY clergyman, of ANY
denomination, in 16 years against vice; there is none.
Clergymen devote their time to religious work; the City
Administration keeps the city CLEAN.

Pool and billiard parlors are places for young men to play
pool and billiards; no "hangouts" where your sons will
learn crime from gangsters. Strictest police regulations and
constant vigilance guarantee this; a record for 16 years.

Jersey City has large Heights area, located between two rivers, and
cooled by their breezes.

Five modern apartments, one-family and two-family houses in wide
range of rentals and sale prices.

Big open spaces, the advantages of city life and many of the ad-
vantages of suburban life.

Unexcelled transportation: power buses faster than Hudson; local
air connecting by ferry with Hoboken and do have buses the
new vehicular tunnel.

Five minutes to Broadway, New York, via Hudson (passenger) tubes,
or Hudson vehicular tunnels.

Come over some Sunday, or in the evenings during Daylight
Savings; or write Chamber of Commerce for list of Real
Estate dealers.

Thin, Weak Women! Quick! Gain Weight and Charm

Quick, easy way to gain 5 to 15 pounds with new **IRONIZED YEAST**. Round out bony limbs. Fill out ugly hollows and stringy neck. Your own druggist guarantees quick results—or pay nothing.

THOUSANDS of men and women write that **IRONIZED YEAST** added 5 to 15 pounds in few weeks. Ugly hollows filled up. Scrawny necks and "broomstick" limbs became round and shapely. Skin cleared. Wrinkles vanished. New pep gained. They look and feel years younger.

How and Why IRONIZED YEAST Works Wonders with Amazing Speed
IRONIZED YEAST is two great tonics in one. Weight-building **YEAST** and blood-enriching **IRON**. The Yeast is the kind used in making malt and which makes malt so beneficial.

We concentrate this yeast so that 12 Sacks of raw, live YEAST make only one-half of the concentrate which goes into **IRONIZED YEAST**. You can easily see why each small tablet of this new **IRONIZED YEAST** gives you quick, EXTRA weight-building results through this 24-to-1 concentration.

This highly concentrated Yeast is treated with two kinds of Iron used for years by highest medical authorities. Iron enriches the blood; makes cheeks rosy; tones nerves and muscles.

The Yeast is further treated with Violet Rays, the latest scientific discovery, which increases its energizing and weight-building power.

What Physicians Say!

Below are extracts from reports of hundreds of well known physicians from all parts of the country. For professional reasons their names are not given, but the reports are on file at our office and may be seen at any time. Note reference to Brewer's Yeast, the kind used in **IRONIZED YEAST**.

"Brewer's Yeast is a weight builder."
"Used Yeast for weight building, constipation and skin disorders."
"Have seen good results with Yeast for constipation and pimples. Believe Brewer's Yeast gives better results."

What Druggists Say!

"Druggist's Son Gains Weight"
"We push **IRONIZED YEAST** as a weight builder; to clear skin and to add vigor. My son, who was very 'skinny' took it with fine results."—J. E. Lantrop, Birmingham, Ala.

"Doctors and Customers Praise It"
"Customers well satisfied with results of **IRONIZED YEAST** and several doctors here prescribe it regularly."—Margaret Place Pharmacy, Shreveport, La.

"Only Thing That Ever Helped Him"
"Many customers gained 10 to 15 pounds taking **IRONIZED YEAST**. One says it is the only thing that ever helped him."—Claude M. Stanley, Minneapolis, Minn.

CAUTION! While the amazing health-building value of **IRONIZED YEAST** has been clearly and positively demonstrated, it is not a cure for all ailments. It is a general health builder, a stimulant, a tonic, a blood purifier, a skin conditioner, a general health builder. It is not a cure for all ailments. It is a general health builder, a stimulant, a tonic, a blood purifier, a skin conditioner, a general health builder.

LOTTIE O'NEILL CLUB IS FORMED TO FIGHT MRS. RUTH MCCORMICK

CHICAGO GETS SCHOOL TAX AND DRAINAGE BONDS

Become Law Without the Governor's O. K.

(Continued from first page.)

financial plan for all expenditures during the ensuing fiscal year, no matter how large the sum, is made, and the auditor of public accounts is required to make an annual audit of the books of the district. This is a distinct improvement over existing statutes.

Clarifies Referendum Law.

"In addition to this, senate bill 118 repeals the amendment of 1927 relating to referendums on bond issues, providing more in detail for the machinery of submission and removing all question as to the validity of that section. This is important, because the validity of the present law requiring submission of sanitary district bond issues through referendum has been questioned in the courts on the ground that it does not set up the necessary machinery for the referendum. If the Supreme court should hold the present provisions of the law invalid, and if senate bill 118 does not become a law, all limitation on the power of the sanitary district trustees to issue bonds will be removed and bonds in any amount can be issued without a vote of the people of the district.

"To veto senate bill 110, therefore, is to assume responsibility for the wiping out of the referendum on all bond issues of the district. In the event the court declares the provisions of the present law null and void.

Reviews School Tax Bill.

The governor's statement in reference to the Chicago school tax rate reads:

"By increasing tax rates for school purposes in Chicago, house bill 633 would add about \$35,000,000 to the revenue of the Chicago board of education during the ensuing biennium. No referendum is provided in the bill, and the taxpayers have no power to approve or veto this proposed tax increase.

"There seems to be ample justification for the statement of the board of education that additional revenue is necessary to keep the schools open next winter. School finances in Chicago have been in a deplorable condition for some years. Unquestionably, some measure of relief must be provided.

"There is no indication, however, that the relief afforded by the present measure will be anything but tempo-

Springfield, Ill., June 20.—(AP)—Brewing on the political horizon since outbreak between Representative Lottie Holman O'Neill of Downers Grove and Congresswoman-at-Large Ruth Hanna McCormick, the battle of the Illinois Republican women leaders today was brought into the open with the chartering of the "Lottie Holman O'Neill" association.

Mrs. McCormick is expected to be a candidate for the United States senate, and the step is regarded as a move against the Chicago woman's candidacy.

Organized to further issues sponsored by Illinois' first woman legislator and to "advance her interests politically and otherwise," the group was formed by five Du Page county women.

Mrs. O'Neill assailed Mrs. McCormick early in the 56th general assembly as being the cause of her failure to get the chairmanship of the house committee on education.

Incorporators are Florence R. K. Tratan, Wheaton, Ill.; Ella Clancy, Naperville, Ill.; Jessie Lyman, Downers Grove, Ill.; Mattie G. Squires, Wheaton, and Clara Hammerschmidt, Naperville.

Corrective Changes Beaten.

"This defect in the bill would have been cured by amendments made by Harris B. Keeler and supported by me, which required the establishment of an efficient budget system and provided for a revolving working cash fund which eventually would have made it possible for the board to lift itself out of debt. The attorney general held these amendments valid and they had the support of some of the best friends of education, but they were rejected.

"The bill as it passed the general assembly is objectionable from many standpoints, but especially because it increases taxes without a referendum and does not provide any guarantee that the relief will be permanent. "Nevertheless, because I cannot take responsibility for handicapping Chicago schools and interfering with the education of its school children, I have decided not to veto the bill. Instead, I shall permit it to become a law without my signature."

House Duties at End.

The sessions of the two chambers today were almost perfunctory in character. Speaker David E. Shanahan appointed members of several joint commissions authorized by the assembly. On the senate side action was postponed until Lieut. Gov. Fred E. Sterling, president of the chamber, returns here about June 28.

On the judicial advisory committee, whose creation was sponsored by the Cook County judicial advisory council with a view to revising court practice and procedure, with special reference to criminal cases, Speaker Shanahan appointed Representatives Little, Swanson, McCarthy, and Igoe. On the joint legislative revenue committee, upon which Gov. Emmerson counts for a thorough study of the terms of an amendment to the revenue article of the constitution, the speaker named Representatives Lott, M. C. Gray of Rockford and Alexander Wilson of Cairo.

GOVERNOR SIGNS NEW BAIL LAW, HITS BONDSMEN

The new bail bond act, which is expected by the Chicago crime commission to be a knockout blow for professional bondsmen, was made a law yesterday with the signing of the bill by Gov. Emmerson.

The law gives the state's attorney power to bid in the property scheduled or forfeited bonds at the execution sales and provides for the resale of it by the county. It also allows the county to compromise bond judgments and provides for a method of legal procedure to determine the validity and priority of liens existing against the property schedule on bonds.

Under the new law a Cook county property owner is required to file a schedule of all liens against the property offered for bond and to state whether he has acted as surety in any other pending case.

Under the old law the state could proceed to take judgment against the property, but could go no further. This meant that the only action against a bondsman was to tie up his property so that he could not sell it with a clear title. Under the new law the property can be sold and the county get its share of the proceeds.

Mrs. Rita Lydig Enters Neurological Hospital
New York, June 20.—[Special.]—Mrs. Rita H. De Acosta Lydig, divorced wife of the late W. E. D. Stokes and one time fiancée of the late Dr. Percy Stickney Grant went to the neurological hospital at the medical center here for observation of a nervous disorder from which she is suffering. At the hospital it was said the nature of Mrs. Lydig's ailment has not yet been determined but that her condition is not serious.

WOMAN DEFENDS HOME FOR BABIES ORDERED CLOSED

Denies Charges; Parents Join in Defense.

Attorneys for the Juvenile Protective association called the place at 1111 North Wells street a "baby farm" but last night Mrs. Maude Diden, who mothered twenty-seven babies there, said it was only the next best place to a farm for the raising of babies. Proudly she escorted newspaper reporters through the two story and basement "home" to prove it was not filthy, unsanitary, or unwholesome, as had been charged.

The place had been evacuated yesterday by command of Judge Joseph Johnson, who issued the order when he found that Mrs. Diden had no permit from the state to conduct such an establishment. A number of her charges had been sent to the St. Vincent's Infant Asylum, but last night the parents of three of the children had brought their babies back to Mrs. Diden.

"I started this home five years ago," Mrs. Diden explained. "A couple of years ago I was told I would have to get a permit. I applied for one. The city health department inspected the place periodically."

"I gave the children every attention and I had competent help. The mothers and fathers are standing back of me."

"The statement by Miss Somila Winnett of the Juvenile Protective association that my place is a dumping ground for unwanted babies is ridiculous. Mothers and fathers came here regularly to visit. She said I would get a payment of \$50 or \$75 for boarding the baby and when that was paid up I would put the child in an orphan home."

Mrs. Diden thereupon called two of the mothers, who were present to vouch for her. Each said that when they were out of work and unable to pay the \$5 a week for the baby's care, Mrs. Diden kept their children just the same.

SEEK CLEAVER'S WIFE TO TELL OF MAIL THEFT PLOT

The identity of the mysterious missing witness in the Litsinger-Flannery mail robbery trial, whose testimony is said to be almost indispensable to the prosecution, was revealed yesterday and it became known that the government is seeking Mrs. Charles J. (Limp) Cleaver, wife of the leader of the Evergreen Park robbery gang, now serving a twenty-five year term in Leavenworth. Mrs. Cleaver has disappeared within the last week.

Her testimony is important inasmuch as it is expected to establish the facts of the robbery conspiracy linking Virgil Litsinger and John (Red) Flannery, with the seven others who robbed the mails of \$123,000 in February, 1928. Three convict members of the band who pleaded guilty and aided in convicting Cleaver and former Congressman Charles S. Wharton have been brought back from Leavenworth to repeat their testimony against Litsinger and Flannery, but the men refused, and the government was forced to rely on Mrs. Cleaver. United States Attorney George E. Q. Johnson said that every law enforcement agency in the country has been enlisted in the search.

For Feet that Sweat and Give Off Offensive Odors

All Druggists Say Moore's Emerald Oil Must Give Complete Satisfaction or Money Back

Don't wait another day. You can remove the disagreeable odors instantly with a few drops of this powerful penetrating Antiseptic Oil.

Druggists everywhere who know, say that Emerald Oil is the speediest and most effective preparation they have ever handled for tired, aching, perspiring, ill-smelling feet.

The very minute that this wonderful healing oil touches these sore, tender, aching feet, you will get relief. It's simply amazing how quickly it acts, and no matter what others may tell you there's nothing just as good.

Moore's Emerald Oil is guaranteed to end your foot troubles or money back.

Missouri Youth Winner of College Oratory Contest

Los Angeles, Cal., June 20.—(AP)—Lex King, Souter of Trenton, Mo., a junior in William Jewell college of Liberty, Mo., tonight won first place in the finals of the national collegiate oratorical contest inaugurated and conducted by the Better America Federation. Souter, who is 25 years old, was awarded a cash prize of \$1,500.

Sentence 4 Kidnapers of Idaho's Lieut. Governor

Lewiston, Idaho, June 20.—(AP)—Three men who pleaded guilty to abducting Lieut. Gov. W. B. Kinne were sentenced here today to prison terms ranging from 10 to 25 years and a fourth member of the gang was sentenced to 1 to 25 years.

DANISCH FREED AS SANE; SEIZED AS SWINDLER

Attorney Frank P. Danisch, 5411 Dakin street, politician and former Municipal court clerk, was arrested on a warrant charging confidence game at his home last night a few hours after he had been released as sane from the Psychopathic hospital, where he had been under observation since early last month.

He will be arraigned in the Shakespear court this morning on a complaint signed by Stanley Sowinski, 5453 Higgins avenue, who charges that he was swindled out of a sum of

money by Danisch on the pretense of having his tax assessment reduced. Danisch posed as a tax assessor, Sowinski said.

Danisch left Chicago in April and rumors were that he had collected nearly \$40,000 from Polish residents by promising to reduce their taxes. He was found in St. Louis and insanity proceedings were begun by his son-in-law, Elmer J. Enders. On May 28 the proceedings were enjoined by Ambrose Haase and his wife, Konstantia, aged Oak Park residents, who said Danisch had caused them to lose \$14,000, their life savings. They called the insanity plea to substantiate to dodge criminal prosecution.

Danisch was adjudged sane yesterday by County Judge Edmund K. Jarocki and returned to his home with the court action still pending against him.

Many "big" men now say... Go Abroad, Young Man and... Sail During July and August!

Go abroad on your vacation... Carry your horizon three thousand miles eastward... make the valuable acquaintances of ship-board... and, in all, don't spend a hundred dollars more than you would at home...!

Three weeks. Two hundred dollars up—but not so far up. A week on a Canarder... the gayest week of your life... with sun, sea, stars, and the wine-like air to build you up against the winter... Then—a week in Paris, or London...

... town or country... New faces... new ways... new ideas that will be bearing fruit long after your tan has faded... The ability to meet more people on their own terms... Then... another week aboard ship... even gayier than the first...

To Plymouth, Havre and London

DU PAGE CITIZENS OPEN ATTACK ON TRAFFIC RACKET

Massmeeting to Protest York Center Arrests.

BY PUTNEY HAIGHT.

Disclosure of a disproportionately large number of arrests for traffic violations at the crossroads known as York Center on Roosevelt road has aroused citizens of incorporated communities in Du Page county to such a pitch of protest against alleged racketeering on the highways that a mass meeting has been called at Wheaton for noon today.

The disclosure followed the seizure and examination of the records of Theodore Holz, grocer and justice of the peace. When transcripts of the justice court records had been completed yesterday it was found that between 400 and 500 cases were entered for a period of about two months' actual work since the motoring season opened, according to Joseph H. Braun, general counsel for the Chicago Motor club. State's Attorney C. W. Reed expressed the opinion that the number was rather high for such an obscure settlement and ordered that questionnaires be sent to all victims at once.

All Not in Records.

"The records do not tell the half of it," Mr. Braun said, "for this trap is on one of the most heavily traveled through highways entering Chicago."

"On the face of complaints filed with the club by out of state victims, when compared with the arrest record furnished by Justice Holz, it is apparent that not all the arrest transactions that have occurred on Roosevelt road at this point have been formal enough to land the victims in court. In other words our club complaints indicate that there have been a material number of 'open air trials.'"

Report Levy on Milk.

"One of the reasons we have pressed this case," Charles M. Hayes, president of the club, said, "was because of reports that milk hauling concerns were being levied upon and thereby put to extra costs in placing milk on the Chicago market. There are too many babies in Chicago needing milk to contemplate any system that increases costs of this necessity. For after all, it is the customer who pays, and every cost increase for milk means that some child is likely to suffer."

Mayor M. J. Pittford of Wheaton is to be prominent in the mass meeting activities today, the object of which is to consolidate public opinion in Du Page county on the subject of speed trap racketeering. Dr. H. Kenney of West Chicago, State's Attorney C. W. Reed, William Bathke, and Daniel Garrity of Wheaton are among the leaders of the movement.

According to reports to State's Attorney Reed last night, Harvey Kinney, the motorcycle constable who operated with Justice Holz at York Center, was back on the highway stopping cars and hampering traffic, proclaiming "business as usual," despite the instigation of official investigation on Tuesday.

KNITTERS SIGN STRIKE TRUCE, PAPER REPORTS

Milwaukee, Wis., June 20.—(AP)—The Milwaukee Sentinel will say tomorrow morning, despite the denial of Louis F. Budenz, union organizer at the Allen-A plant in Kenosha, that the American Federation of Full Fashioned Hosiery Workers is about to conclude a truce with the manufacturers that

includes recognition of the two machine system.

The introduction of this system at the Allen-A plant precipitated one of the longest, bloodiest, and most costly labor disputes in Wisconsin's history. The Sentinel further publishes the terms of this agreement.

The agreement is said to have been drawn up by union representatives in collaboration with eastern manufacturers. Its adoption is to be recommended at a special convention of the union at Philadelphia on Monday.

Police Seize Beer and Ale in Loop Speakeasy Raid

Capt. Charles Larkin and his squad of raiders from Central station last night raided a speakeasy at 180 West Randolph street, known as the Randolph Street Business Men's club, and arrested three men and seized seven barrels of beer, fifty smokes of ale and an assortment of liquor. A girl, who acted as a lookout, was allowed her freedom. The men will be charged with violation of the prohibition law.

GUERNSEY COW BREEDERS SEE TWO FINE HERDS

Attend Outing and Contest Near Wheaton.

BY FRANK RIDGWAY.

Channel Island dairy cattle breeders had a new goal set up for them to reach at the first annual field day held by the Illinois Guernsey Breeders' association near Wheaton yesterday. Charles L. Hill, president of the National Dairy association, told Guernsey owners to prepare to share with the Jersey breeders the work of producing the nation's fluid table milk supply. He predicted that all of the table milk used in this country will eventually come from cows of these two Channel Island breeds, the rich milk producers, while the lower test milk will be used in making ice cream, cheese, and butter.

The quality you find in Stacy-Adams Shoes is the result that can come only from expert craftsmanship in the moulding of the finest leathers.

Dr. Shields, Miss Rebman Retained by Des Moines U.

Des Moines, Ia., June 20.—[Special.]—Dr. T. T. Shields today was chosen president of Des Moines university. He also was re-elected president of the board of trustees.

It was a triumph for the Toronto divine who more than a month ago was accused of having an illicit romance with his secretary. He later was rotten egg out of town after the board, to whom the students made the charges, had cleared him of immorality charges.

Climaxing his triumph was the utter routing, on paper at least, of the forces within the organization which had shown dissatisfaction with the regime of Dr. Shields and Miss Edith M. Rebman, the secretary.

Miss Rebman also was re-elected to her positions as secretary to the board of trustees and treasurer of the university. Dr. F. E. Foulk and the Rev. Minor Stevens, both of Des Moines, and Dr. H. C. Wayman, deposed president of the school, are no longer on the board.

New members elected are the Rev. Charles Fredman, La. Salle, Ill.; the Rev. H. C. Fulton, Buffalo, N. Y.; and the Rev. H. R. Guthrie, Center, Ia., and

R. C. Anderson, attorney, Austin, Minn. The board meeting was secret but a statement issued at its close showed Dr. Shields in full control of the board, if not of the rebellious student body which has threatened never to return so long as he and Miss Rebman are connected with it.

Will Reorganize Faculty. The board took steps, it reported, to reorganize the faculty. It proposes to choose professors who are loyal to the Baptist confession of faith and to the administration.

The board expressed its regret of the recent unpleasantness at the institution. "The recent occurrences," the report said, "will in the end be seen to be a providential ordering of events in answer to the prayer of multitudes."

It also considered with some satisfaction the fact that "countless thousands of Evangelical Christians," both in this country and "across the sea," had to come to know of the school.

Dr. H. C. Wayman, ousted president, and 28 other dismissed members of the faculty and employees today filed claims with the board seeking more than \$22,000 in unpaid salaries. Dr. Wayman's claim was for \$3,188.34.

pounds daily for thirty days—both world records. Rose has just finished an annual record, producing 19,880 pounds of milk containing 902 pounds of butter fat.

At Cantigny farm an outstanding class of three daughters and one son,

all from Cherub Pearl Royal, a former herd sire, were shown to the visitors. When Mrs. R. R. McCormick's Cantigny Royal Maid was brought before the crowd judges declared she was the best two year old heifer they had seen this year.

Texas Corp.

F. E. C. of New Harmony, Ind.—

Excellent improvement in earnings by

Texas corporation in 1928 over 1927 re-

sulted in higher profits per share on

the outstanding stock as increased

through the sale of additional shares

and through the acquisition of Califor-

nia Petroleum corporation in March,

1928. Earnings of \$2.34 a share com-

pare with \$2.77 in 1927.

The consolidated income account for

the year ended Dec. 31, 1928, showed

gross earnings of \$196,254,235, against

\$141,125,167 for 1927.

Net income was \$45,075,879 in 1928,

against \$20,029,405 in 1927.

After payment of \$24,306,712 in di-

vidends there remained a surplus of \$20,

767,167 for 1928, which compares with

a deficit of \$1,151,510 for 1927.

There were 8,443,854 shares [par

\$25] outstanding in 1928, against

\$219,243 in 1927.

Profit and loss surplus as of Dec. 31,

1928, amounted to \$131,247,826,

against \$111,089,285 the year before.

Current assets were \$123,594,839 and

current liabilities were \$26,266,897 at

the close of 1928. This left a net work-

ing capital of \$123,328,192, which com-

pares with \$105,195,339 the previous

year.

Dividends are being paid at the an-

nual rate of \$2.00 a share.

The capital stock is high grade.

The corporation has an excellent

financial structure and has proved its

ability to show earnings in highly

competitive periods.

Earnings, however, may be influ-

enced by any wide fluctuation in oil

prices.

Community Power and Light.

W. A. T. Appleton, Wis.—Com-

munity Power and Light company re-

ported gross earnings of \$4,836,183 in

1928, against \$4,273,714 in 1927.

Net income, before charges for de-

preciation and amortization, amount-

ed to \$1,833,114 in 1928, against \$1,120,

535 in 1927.

After provision for preferred di-

vidends there remained a surplus for

1928 of \$256,199, against \$364,821 for

1927.

Profit and loss surplus at the close

of 1928 was \$1,480,822, against \$1,138,

539 the year before.

All of the common stock is owned

by American Commonwealth Power

corporation.

The proportion of the

bank's reserve to liability is 55.88 com-

pared with 57.97 per cent last year. Rate of

dividend, 5 1/2 per cent.

BIGGER AIRPORT IS NEARER; LAND TRANSFER O. K'D

Governor to Sign Bill Permitting Expansion.

BY ROBERT WOOD.

Expansion of Chicago's municipal airport to four times its present size became a possibility yesterday when Gov. Emmerson said he would sign the bill which will enable the board of education to transfer property at 434 street and close street for city property at Clarendon beach.

Aviation leaders here stated last night that the signing of the bill will clear away one of the principal obstacles in the way of airport development in Chicago. Nearly a square mile of unobstructed land will be turned over to the city for a landing field if the school board and the city council reach an agreement on the exchange.

Seek Action on Transfer.

Assistant Corporation Counsel Roy N. Leach stated on his return from Springfield last night that he will immediately start negotiations toward securing the trade. President H. Wallace Caldwell of the school board also expressed a desire for early action on the matter. George B. Foster, chairman of the Association of Commerce aviation committee, stated the enabling legislation will make possible the construction of a city airport second to none in the country.

The city now leases 220 acres from the school board for airport purposes, although only half of this area is developed and in use. It will be possible for the city to acquire an additional 300 acres. Ten acres which is now occupied by the Hale school on the western boundary of the square mile is not a part of the project.

Bogan Proposes College.

Supt. William J. Bogan has proposed the establishment of an educational center on the property which may be turned over to the school board at Clarendon beach. Here he would build elementary and high schools, junior college, and a senior college of the city of Chicago.

ATLANTIC HOBO QUILTS FRANCE FOR U.S. ON LEVIATHAN

(Chicago Tribune From Service.)

PARIS, June 20.—Arthur Schreier, the American youth who stowed away on the Yellow Bird, stepped on a train this morning bound for third class quarters aboard the Leviathan. Armo Lotti Jr., radio operator and backer of the flight, saw him off and kissed him in real French fashion. Jean Assollant and Rene Lefevre were conspicuous by their absence.

The French press claims Schreier is hurrying back because of orders from the American government, which insists he must not accept France's hospitality without a passport since the United States would not permit a foreigner to land, no matter the circumstances, without proper papers. When Schreier boarded the vessel at Cherbourg he said: "I will be back here in my own airplane, which I will pilot myself. If the newspaper men only leave me alone. The first call I'll make when I return to France will be to Armo Lotti, a friend and an old man."

CONTRACT FOR 162 NEW AIRPLANES FOR THE ARMY

Washington, D. C., June 20.—(Special.)—Contracts totaling approximately \$5,000,000 for 162 new airplanes for the army air corps were approved today by F. Trubee Davidson, assistant secretary of war for aeronautics.

The order calls for 20 new pursuit planes from the Boeing Aircraft company of Seattle, Wash., 41 new two-seat observation planes and 28 attack planes from the Curtiss Aeroplane and Motor company.

Other contracts were for three new experimental type planes to meet new aerial warfare conditions revealed during the course of the recent army air corps maneuvers over Ohio. Two, ordered from the Fokker Aircraft corporation, are to be twin motored three seater monoplanes of the observation type. The third is a two seater, single motored pursuit plane, manufactured by the Berliner Joyce Aircraft corporation of Baltimore.

Spanish Major to Start World Flight Tomorrow

(Copyright 1929. By the New York Times.)

MADRID, June 21.—The giant Spanish amphibian plane, Numancia, under the command of Maj. Ramon Franco, will start a flight around the world tomorrow from Cartagena. Accompanied by Capt. Rutilada Gallarza and the mechanic, Madariaga, Maj. Franco will make his first halt at the Azores. He plans to continue his flight from the Azores to New York the following day. Twenty stops in all are planned for the flight of about 23,000 miles.

INCOME PAYMENTS PUT U. S. SURPLUS PAST 101 MILLIONS

Washington, D. C., June 20.—(Special.)—A material increase in income tax collections has boosted the government's total revenue for the current fiscal year to \$3,790,141,997 as of June 18, giving a present surplus of \$101,795,855.

The treasury's daily statement to day reported that income tax collections for June 18 amounted to \$239,602,300, one of the largest single day's collections ever made.

The total for the month to \$358,971,240 or \$139,634,951 more than collected in the same period of last June.

For the fiscal year since June 30 income tax payments have totaled \$2,135,426,544 or \$190,140,321 more than collected in the same period last year. The amount is only \$46,000,000 less than the total for the entire fiscal year of 1928.

The total collections for the current fiscal year, which ends June 30, exceeded those for the same period last year by \$38,715,826.

Treasury experts said that upon the basis of present returns all indications pointed to the treasury having the \$100,000,000 surplus June 30, recently predicted.

COLLECT \$22,359,155 HERE.

Total income tax collections for the second quarter of the year were announced yesterday as \$22,359,155.71 by Collector of Internal Revenue Myrtle Tanner Blackledge. For the same period last year \$41,275,001.68 was collected.

Aviation Notes

Cincinnati, Ohio, June 20.—(Special.)—A fast passenger and mail service operating with light de luxe planes between Cincinnati and Chicago will be inaugurated on July 1, it was revealed today when E. B. Wadsworth, superintendent of the U. S. air mail, granted permission to operate the flights to T. Higbee Embury, president of the Embury Riddle company.

The new equipment is costing the Embury Riddle company \$150,000. Three new all metal Flamingoes, one Fairchild and four new Whirlwind Wacos are the new planes. All are fully equipped for night flying. The planes will operate every 24 hours on the night and day trips.

The Countess Jacques de Sibour yesterday saved from possible disaster the Gypsy Moth monoplane in which she and the count are touring the globe. With a party of three friends the count and countess went to the airport for a short flight in the Moth.

The count pulled the plane from the hangar and twisted the propeller to force gasoline into the fuel line. Some one had forgotten to disconnect the fuel line. The motor started, the propeller whirled and the light plane tipped onto its nose. While the stub ends of a broken propeller churned into the ground the count grasped at the tail to pull it down, cutting his hand. The countess calmly reached into the cockpit and turned the switch off. The plane will be repaired and flown by the British visitors to Detroit today.

Two Keystone-Leaning amphibian planes have been sold to John B. Kohler of Chicago, according to an announcement made yesterday by Paul A. Wright, sales manager of the Thompson Aeronautical corporation. Delivery will be made by July 31 when Mr. Kohler plans to put them into immediate service on air passenger, express and freight line to connect Grand Rapids, Mich., and Milwaukee.

Washington, D. C., June 20.—(Special.)—Representative W. Frank James (Rep., Mich.), chairman of the house military affairs committee, left Washington this afternoon on what is planned as a 12,000 mile air tour of air corps stations in the United States and Porto Rico. He is traveling in a tri-motored Wasp Ford transport plane piloted by Capt. Harry M. Dinger, attached to Bolling field. The tour will last almost two months. Stops scheduled on the tour will include Detroit, Scott Field, Ill., Hot Springs, Ark., San Antonio, Tex., Shreveport, La., Tampa, Miami and Key West, Fla.; Havana, Santiago, Cuba; Port-Au-Prince, Haiti, and San Juan, Porto Rico.

Binghamton, N. Y., June 20.—(Special.)—Every community in New York will display its name in painted letters for the benefit of aviators, and emergency landing fields will dot the state, according to plans formulated at the concluding session today of the state conference of mayors and municipal and village officials.

POWER WORKER ELECTROCUTED.

Kewanee, Ill., June 20.—(Special.)—Robert Sampla, 25, Jacksonville, Ill., was electrocuted late yesterday while working at the Illinois Power and Light substation near here.

Melon Gamble Is a Favorite Summer Sport

Tests, from Plugging to Sounding, Are Many.

BY JANE EDDINGTON.

The melon gamble is today a great summer diversion. This entertaining gamble is the greater because no country save Persia probably ever consumed so many melons as we do today, and no country, even when it could have melons the year through, as we almost can, ever seems to have had a greater affluence of this "herb of fruit." Varieties are now numerous and one group or type alone contains enough of interest, or around it there is enough lore, to absorb our imaginative attention in no small degree.

Take the watermelon alone. I have liked to call it a blimp among vegetables or herbal fruits. In order to describe justly its apparent unyieldingness as well as the figure of a blimp. Yet its fairly ridiculous size is irretrievably bound up with its great virtue. It is like a monstrous Brooklyn egg, which the vine of the cucurbitaceae (a wicked word to remember) has laid, and like most eggs its contents are precious, precious mineral water and a great deal of it—gallons!

Already watermelons are priced so low this season that this water costs little if any more than the spring water we buy in bottles, instead of in this queer and awkward vegetable carton. The watermelon water is really a fancy sweet drink, sweetened by nature itself and not from the sugar spoon or sirup pitcher.

Testing a Watermelon.

Probably all reputable food dealers will cut out a little plug of watermelon to allow the purchaser to see what he is buying. He will make a small triangle with inch long sides, and when he cuts it from these sides you can pull out a piece so you can taste of the very heart.

Another test directs that they be knocked with the knuckles, when they should give a hollow instead of a dull sound. But it is my belief that it requires a lot of practice with this sort of knocking to gain a reliable judgment in this matter.

Keep Them Cool.

A watermelon should be kept cool. This is why it is not a safe thing to buy watermelons from a stack that has been lying by the roadside all of a hot day. Such melons will hold up even after they have become a bitter mass of ferment. But no ordinary chamber in an ice box will hold a melon, therefore dealers have adopted the device of selling a part.

Local watermelon eating in any quantity sets some people to sneezing. "I have known of an eminent doctor who could not eat cantaloupe without taking cold, as it were. And once when I wrote of watermelon colds, which are perfectly reasonable when the sized portion many people serve is eaten, a young woman wrote me a postcard, beginning, "Dear Janey," to tell me that when she ate water-

Tribune Cook Book

BY JANE EDDINGTON.

A Shower Breakfast.

One of the happiest and most appreciative of my correspondents was so pleased with a recent description given in this column of a dainty wedding breakfast that she wrote that she almost wanted to be a bride all over again, while the mention of the white dainties brought to her mind a shower she gave once for a girl friend who was about to be married. Here is her description of it: "White was, of course, the color scheme. The round table had a rennaissance lace cloth, a mirror reflector, a cut glass bowl of white sweet peas, roses, lily of the valley, and spruce—all grown in our own pretty garden at home. From the center light fixture were streamers of tiny, heavy white satin ribbon from which were hung tiny gold tinkly balls about five inches apart. The ribbons terminated in bows marking the table into twelve equal segments. Place cards were of white slipper. All the service used was either of glass or white china, and on the table were glass dishes of meats, bonbons,

blanched salted almonds, and a large tray of tiny, heart shaped, white leaf cakes.

"As it was summer in Washington, D. C., our refreshments were light to fit the weather, which was torrid. Cream of celery soup in bouillon cups, with a tiny piped whipped cream heart floating thereupon, and saltines came first. Small heart shaped sandwiches of white chicken meat were served along with 'bride's salad'; that is, Luther Burbank's exquisite and delicious white tomatoes on a bed of white lettuce heart with a garnish of Roquefort cheese stuffed tiny celery hearts. A very blonde dressing was used. Pineapple sherbet was served and a heavenly large heart shaped orange flavored cake (1, 2, 3, 4 cake recipe) laced with a boiled icing with fluffy feathery fresh coconut covering like an iceberg, and on top were the little bride and groom dolls.

"These were only simple refreshments, but ample and delicious, especially the white tomato, as delicate in flavor as appearance. The tomatoes were raised by my father in his little 'hobby' garden."

melon for lunch she "sneezed her head off in the afternoon."

Watermelon Sherbet.

Add about one-half cup of medium sugar sirup to two cups of watermelon juice and the juice of one orange. Lemon juice and sugar can be used. Half freeze and serve as a sherbet. Or freeze entirely, adding an egg white or white china, and on the table were glass dishes of meats, bonbons,

frozen we call this by the Italian name for fresh ice, or watermelon "granita." To get the juice cut up, mash and sieve the melon, or use pulp and all.

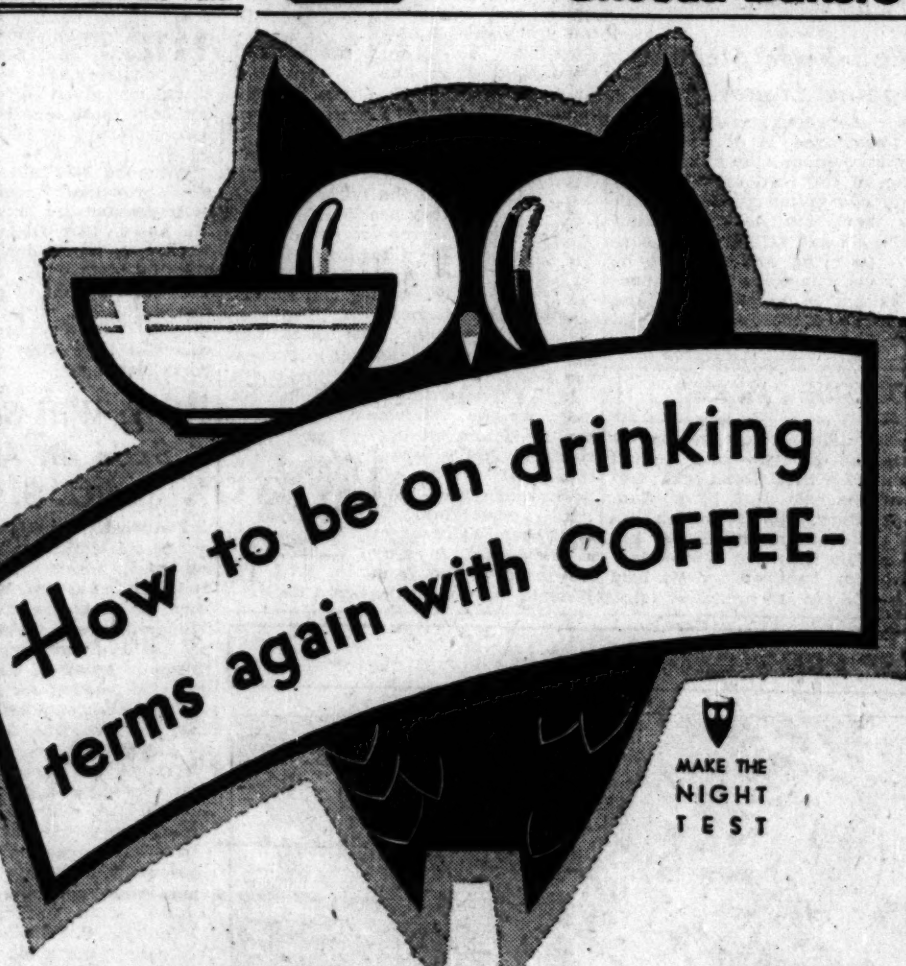

To make watermelon balls use the vegetable turner, or French utensil, dipped into the ripest and sweetest part of the melon. Cones are made by twisting a tablespoon around in the heart of the melon.

NATIONAL BISCUIT COMPANY "Uneeda Bakers"

IF YOU'VE had to give up coffee—if you've had to cut down on it at night, read this good news and rejoice. Now you can enjoy coffee at any time and sleep like a log. For it is the caffeine in coffee that has kept you awake. Drink Sanka Coffee—genuine, delicious coffee from which 97% of the caffeine has been removed.

One fragrant cup will win you! Never was there more delicious coffee than Sanka Coffee. It is a superior blend of the choicest Central and South American coffees grown—rich and spicy in flavor, temptingly fragrant in aroma. Nothing is added—nothing but caffeine is removed. Take a single cup of Sanka Coffee and you'll agree with coffee experts that no other blend is finer in

quality or flavor. Physicians here and abroad endorse Sanka Coffee wholeheartedly. Your grocer or delicatessen carries it—in full-pound cans, always fresh, ground in the bean. He will sell you your first pound on this money-back basis: "If, after a thorough trial, you are not satisfied on every score, return what's left and we'll refund the full purchase price." For better coffee—better sleep—get a can today and sleep tonight!

Make the night-test! The first time you try Sanka Coffee, drink it at night! It won't keep you awake. Next morning you'll know you've discovered a coffee that you can drink morning, noon and night—without regret!

SANKA COFFEE GENUINE DELICIOUS with caffeine removed

a good vinegar has FLAVOR

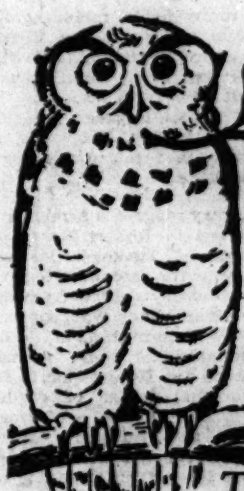

A good vinegar isn't merely sour. It has a flavor of its own—a deliciously mellow flavor.

Just such a flavor as Heinz Vinegar has. So fruity—so mellow! Because it is made from the choicest materials, then aged for months in wood; aged until all sharpness is gone and only the smooth, piquant flavor of the true vinegar remains... Four kinds... Cider... Malic... White... Tarragon.

Heinz quality always means more food value—and you buy this quality at surprisingly low cost. It's true of Heinz Mustard, Heinz Cooked Spaghetti, Heinz Peanut Butter, Heinz Rice Flakes—or any of the Heinz 57 Varieties.

HEINZ PURE Vinegars awaken joyous flavors

Follow These Simple Rules:

1. Every week-day for 42 consecutive days (not including Sundays), the Chicago Tribune will print a "Who's Who?" Crossword Puzzle. Each puzzle will contain the name of a famous person whose picture appears in it. You are invited to solve the puzzles and name the persons.
2. The Chicago Tribune will pay \$5,000.00 in Cash Prizes to those who send in the nearest correctly solved complete sets of puzzles in accordance with these rules. Note: This means that you do not necessarily have to solve each of the 42 puzzles completely to win. The prizes will be paid to those whose entries rank highest.
3. The prizes are as follows: 1st Prize \$1,000.00 2nd Prize 500.00 3rd Prize 250.00 Next 2 Prizes, \$100 each 200.00 Next 5 Prizes, \$50 each 250.00 Next 10 Prizes, \$25 each 250.00 Next 100 Prizes, \$5 each 1,000.00 Next 310 Prizes, \$5 each 1,550.00 430 Prizes Totaling \$5,000.00
4. This offer is open to everyone—men, women, boys and girls—except employees of the Chicago Tribune and their families. You pay nothing. Just prove your skill.
5. Puzzles are to be submitted only in complete sets. Do NOT send in each puzzle separately. Hold all puzzles until you have the complete set of 42. Then send them to "Crossword," Chicago Tribune, Post Office Box 1539, Chicago, Illinois. All entries must be in by midnight, 15 days after Puzzle No. 42 has been printed.
6. Each entry must be sent by first class mail, postage prepaid. Entries with insufficient postage will be returned by the Post Office Department. No entries will be returned. With each entry a letter must be sent giving your name and address and telling in 50 words or less which of the 42 famous persons you consider the greatest and why. Contestants may submit as many sets of puzzles as they wish, but no contestant will be entitled to more than one prize.
7. You need not buy the Chicago Tribune to compete. You may copy or trace the puzzles and send them in. The Chicago Tribune may be examined at any of its Offices or at Public Libraries free of charge.
8. The judges will be appointed by the Chicago Tribune. Their decision will be final. In case of ties a duplicate award will be paid to each tying contestant.

THE NEXT PUZZLE WILL APPEAR IN TOMORROW'S TRIBUNE

Flower Show Offers Lots of New Ideas

Gaily Decorated Tables
Compete for Prizes.

BY SALLY LUNN.

It is quite foolish to go to an exhibit of tables such as the ones displayed at the Lake Forest Garden show, and to look at them with any idea of emulating them. At least, it seems to me, to be quite impossible for most of us to duplicate the priceless antique pieces, and the costly modern ones on view. The women who designed and set the tables have, besides, their own extensive gardens from which to select rare and lovely flowers. But because we cannot hope to have such materials ourselves with which to decorate our tables is no reason why we should not look upon them with enjoyment, any more than we would think of refusing to go to an art gallery because we cannot own the paintings to be seen.

Besides the artistic satisfaction to be derived from seeing such a show, there is the idea of about styles in table decoration, and about color usage, and information about china and linen to be gleaned by close observation of the exhibits.

A Gay Picnic Table.

I thought Mrs. Clarence Norton Goodwin's picnic table was a delightful thing, and that of course was not done in expensive materials. Card-board plates, shiny tin cups, with red bandanna handkerchief napkins rolled in them, little pottery Indian figures with red candles, flat baskets filled with mangoes, and a center bowl with red bananas and apples were the details of the table, inspired by the outdoor parties the Goodwins have in the summer up at Desbarats, Canada.

The tin wedding table, also in the class of special occasion tables, and set by Mrs. W. David Owen, was also interesting. Pieplates of several sizes and tin cups were so shiny and effective that they didn't look incongruous with the stunning lace runners and napkins. A heavy twist of smilax was strung down the center of the table and a tin bell was the centerpiece.

A Prize Winner.

The prize winner in the breakfast table group, set by Mrs. Edward Scott Willis, whose mother, Mrs. John W. Scott, must have handed on to her daughter a great deal of the art of flowers and tables, was one of the loveliest tables of the whole exhibit. The appointments included a peasant linen table cover of an indeterminate mulberry and warm orange mixture, a creamy orange pottery bowl full of purple and brown pansies, and mulberry goblets. The coloring was unusual and most pleasing.

One of the most interesting classes at the show was one called contrasting arrangements, showing the proper and improper placing of flowers. One exhibit required the showing of the wrong and right way of placing flowers in the same vase, and the other was using the same flowers in different vases.

The effects were most interesting and indicated what wonderful results can be obtained from such indiscretion as putting pansies and lilies of the valley in a tall vase or squashing peonies into a small round bowl.

TWO GIRLS DROWN.

Roberts, Ind., June 20.—[Special.]—Betty Lattrell, age 14, and Helen Blaine, age 12, were drowned today while swimming in a cool pit strip mine.

"Finesse"

BREAKFAST TABLE IN ART MODERNE

In the front of this row of tables exhibited at the Lake Forest garden show is the modern breakfast table entered by Mrs. Walter S. Brewster. It was set with a rose and blue cloth of modern fabric, metallic luster dishes, blue goblets, and a centerpiece of pansies and sweet williams.

HOUSEHOLD DISCOVERIES

The Tribune will pay \$1 each for ideas to housekeeping, prize winning ideas to be published each Friday morning on the food page. If you have a unique discovery pass it on to other housewives. Recipes are excluded. Send discoveries in care of Sally Lunn, Chicago Tribune.

A child's broom is very handy for sweeping down clothes closets and narrow hall and stairway walls where a large broom is useless and a whisk broom does not have a long enough handle.

Mrs. R. R. K., Etna Green, Ind. If a knob comes off of a saucepan cover, don't throw the cover away, but put a screw through from the underside, and screw a cork on top. The cork lasts indefinitely, and is probably a better non-conductor of heat than the original knob.

Mrs. J. C. Chicago. When the pearl handles on flat silver look dull and lifeless, take a buffer and some good nail polish and buff them as you would finger nails. A beautiful luster will result.

Mrs. J. S. O., Chicago. Glue will not dry out if a piece of candle is used instead of a cork for the glue bottle.

V. R., Chicago. Add one half cup of raw bran to the bread crumbs when you make meat loaf, and the loaf will slice smoothly and never fall apart.

R. F. F., Chicago. If small quantities of different foods are left over, put in custard cups, and place in ice box to keep fresh. When ready to serve, place the cups

In a pan of hot water over a small fire. In this way, several kinds of food can be heated without having several pots to scour.

G. T. N., Lake Geneva, Wis.

After Mason jars have been washed and are ready to be put away, replace covers, wrap in newspaper, and tie with string. This will keep them clean and ready for use at canning season.

R. A. L., Brookfield, Ill. Fasten the tracks of a child's mechanical train onto a light board, which may be painted or varnished, thus keeping the track from bending and falling apart.

Mrs. J. S., Chicago.

AT ANY HOUR

—you can have a perfect cup of coffee instantly—easily. G. Washington's Coffee is not a substitute. All the caffeine is there, but none of the oils that are known to interfere with sleep.

INSTANT COFFEE

First CALL

The world's most popular breakfast cereal is a bowl of golden Kellogg's Corn Flakes. Crunchy-crisp, rich with matchless flavor—Kellogg's get first call with young and old—12,000,000 people daily.

**Kellogg's
CORN
FLAKES**

Kellogg's are extra crisp corn flakes. Delicious with milk or cream. Fine for lunch and the children's evening meal.

It always pays to insist on Kellogg's, the original Corn Flakes.

At all grocers in the red-and-green package. Served by hotels, restaurants, on diners. Made by Kellogg in Battle Creek.

Great Silent Army of Workers Delivers Food to Mr. Consumer

BY FRANK RIDGWAY.

Eating is the most interesting subject with which individuals deal. No single thing has such a constant grip on individuals as does food. That vast army of people who produce food and pass it on to the consumer are pretty sure of a regular job indefinitely.

The economic importance of the food business is being emphasized more today than ever before. Just now farmers are in the line light but there are others in the chain bidding for recognition.

Recently the American Institute of Food Distribution attempted to turn the bright lights on the other groups outside the ranks of farmers. Gordon C. Corbaley, president of the institute, says that while this country is talking about the importance of the food business and the need to organize food production on the farm so that the industry will be in a sounder position, it is well to recognize that the farmer is but one part of our most essential business. His is the primary operation of using soil, sunshine and fertilizer so that the mechanics of nature will manufacture raw food.

Asks Public Recognition
"But the work of several million farmers is only the primary function and constitutes only a part of the vast organization which must be maintained to assemble and prepare food

in its thousands of forms; to package that food to match the demand of modern industry, and then to take these packages and distribute them so that the food will move in an orderly way through more than 100,000 stores, restaurants, and hotels to the American table," he said.

The institute's plea is that there be public recognition of the service that American people receive from the food purveying business.

Mr. Corbaley believes that people in this country have become so accustomed to the conveniences supplied by the organization between farmers and consumers that little recognition is given to the greatness of the service.

Foods from Everywhere.
He asks, "How seriously do you meditate on the fact that at dinner tonight you may have a cocktail of shrimp from the Gulf of Mexico, seasoned with Indiana catsup and California horseradish; fresh fish transshipped from the coast of Alaska; roast beef fattened in Iowa; canned asparagus from California; fresh tomatoes from Texas, and cantaloupe from Arizona? All served with bread of Dakota wheat, and butter from the milk of Wisconsin cows."

FALL FATAL TO CHILD.
Two-year-old Francis Wheelock died yesterday in the county hospital of a skull fracture suffered Wednesday when he stumbled from the rear porch of his home on the second floor at 2116 Girard street.

EXTRA-ACTIVE CHILDREN

All healthy youngsters spend their energy freely. This precious energy should be replaced as fast as it's burned up. One of the quickest ways to do it is with Borden's Chocolate Malted Milk. A wholesome, nourishing food-drink. Rich in vitamins, too. It's energy-making food for energy-spending children.

Buy a can and watch your children thrive on it.

Lake Forest Horse Show to Aid Hospital

BY THALIA

Today opens the 14th annual Lake Forest horse show at Onwenta, with an all day program of equine events, interspersed with luncheons and dinner parties.

Mrs. Thorne Donnelly and Miss Edith Cummings are both among those who will be hostesses at luncheon parties at the new clubhouse, and Mrs. Howard Linn is to give a dinner this evening.

William McCormick Blair, who is president of the horse show association this year, is to give a luncheon tomorrow for the Richard Ely-Danielson and Henry Vaughan. Mr. Vaughan, who comes from Boston, and Mr. Danielson, who has been and is still master of the Groton hunt, are among the show judges.

Mrs. Donald Ryerson and Mrs. T. Phillips Swift are among those slated to give dinners tomorrow, and Mrs. Mason Phelps is to give a large horse show luncheon at Shoreacres on Sunday.

The show continues through tomorrow afternoon, and its proceeds will go to the Alice Home hospital.

The list of boxholders is long and brilliant, much too long to print. It totals more than 90 names.

Yankee C. Spalding is chairman of the box committee.

The William Mitchell Blairs are to have a party this evening for the opening of the Sky Harbor Petruska club out on Dundee road. They have invited 200 guests to the affair, which is to be a supper dance. The regular opening will be tomorrow night. The new club, unlike the town Petruska, which was a club in name only, is to be for members only. The club occupies the second and third stories of the new Sky Harbor airport clubhouse, and the dining room is almost entirely inclosed in glass, so that

ENGAGED

MISS HATTIE SALK.

(See Photo.)

Mr. and Mrs. Carl Salk of 4621 North Monticello avenue announce the engagement of their daughter, Hattie, to Allen L. Atkins, son of Mr. and Mrs. George Atkins of Chicago.

The flying activities of the airport may be viewed during dinner.

Many of the owners of north shore estates are most generous about sharing the visual joys of their gardens and grounds. Mrs. Rockefeller McCormick is one who has opened the gates, figuratively speaking, of Villa Turicum in Lake Forest on numerous occasions, and is to do so again, having

ing extended an invitation to members of the Chicago Rockford College association to go through her gardens following the picnic the organization is to have on the grounds of Mrs. Logan T. McMenemy's residence tomorrow afternoon.

Mrs. William Gold Hibbard has invited the board of directors of the Cook County League of Women Voters for a study group meeting at her Winnetka place next Monday. Lunch is to be served on the terrace during the morning and afternoon sessions.

Mrs. Richard S. Folsom of 61 Bellevue place has as her house guest for a day or two Miss Helen Lackey, sister of Wilton Lackey. Mrs. Folsom gave a luncheon for her yesterday.

Mr. and Mrs. Forsythe Sheress are sailing from France tomorrow, and will go to the former Mrs. Ryerson's summer place at Cooperstown, N. Y.

Mrs. E. Harris Brewer of 1311 Ritchie place and Mrs. J. M. Patterson of 209 Lake Shore drive have returned from their trip to Europe. Miss Louise Brewer is to leave about the middle of next month to visit at Hyannisport, on Cape Cod, and will later join her parents who are going to North Haven, Me., for the month of August. Miss Corinne Brewer returns next week from her studies at Miss Porter's school at Farmington.

The John J. Finlays are leaving in a week or so for a month's motor trip through New England. They will go to Gilmanston, N. H.; then up through Bretton Woods, over to North Harbor, Me.; and then probably down the coast, and to Cooperstown, where they will visit John Bore Ryerson before returning to Chicago.

Miss Louise Wood received her master's degree at Radcliffe college on Wednesday. She obtained her bachelor's degree at Bryn Mawr college in 1919.

Theodore Dickinson of 237 East Delaware place and his daughter, Miss Rose Dickinson, sailed yesterday on the Ile de France for a two months' motor trip through France, Germany, and Switzerland.

BETROTHED

MISS HELEN HEFFERAN.

(Paul Stone-Baynor Photo.)

The engagement of Miss Helen Hefferan, daughter of Mr. and Mrs. William S. Hefferan of 6631 Harvard avenue, to Herbert Christian Paschen, son of Mrs. Frank Paschen of 5622 Sheridan road, was announced yesterday at a luncheon at the Blackstone hotel. Miss Hefferan is a graduate of Wellesley.

Members of the Polish Welfare Association, an organization for the aid of Polish delinquents in the courts and jails of Cook county, held their last meeting of the season yesterday at the Morrison hotel.

Meet to Aid Poles.

PATTERNS BY CLOTHES

WOMAN'S AND MISS DRESS.

This smart design expresses slender, straight lines, with its becoming neckline softened by an attractive collar and jabot frill. The grouped plaits in the skirt lengthen its line and hang perfectly straight, except when in motion when they give gracefully. Navy blue silk crepe flecked with white dots, with white silk crepe in beige with matching faille silk, or pique or linen in wash materials are suggested.

The pattern, 2641, comes in sizes 16 and 18 years and 36, 38, 40, 42 and 44 inches bust measure.

Size 38 requires 8 yards of 40 inch material with 1/2 yard of 40 inch contrasting.

T. W. Lamont Denies Paying \$400,000 for a Painting

New York, June 20.—(P)—Thomas W. Lamont of the banking house of J. P. Morgan & Co. today confirmed reports from London that he had purchased John Hoppner's famous painting of "The Sackville Children." He added that the reported purchase price of \$400,000 was incorrect, but did not tell what he had actually paid.

How to Order Clothes Patterns.

Write your name and address plainly on dotted lines, giving number and size of such patterns as you want. Inclose 10 cents in stamps or coin. Join preferred: wrap it carefully for each number, and address your order to Clothes Patterns, CHICAGO TRIBUNE, 247 Park Avenue, New York City.

Says U. S. Has Vast Food Surplus; Malthus Wrong?

Malthus' prophecy that the population of the world eventually would exceed its food supply apparently has been refuted by the ratio of population and food production in the United States since the theory was promulgated 125 years ago, according to Oliver E. Baker, economic geographer of the federal bureau of agricultural economics. Mr. Baker, speaking yesterday before the Institute of the Harris Foundation at the University of Chicago, declared that this country at present has an overwhelming surplus of food.

Galsworthy Roasted for "Exile," His Latest Play

LONDON, June 20.—"Terrible play," "His worst," "A disappointment," are some of the verdicts on John Galsworthy's "Exile," his first play in three years. It was produced at Wyndham's theater last night. The most scathing criticism is found in the Evening Standard.

"All of Mr. Galsworthy's plays are a playright are in 'Exile'—sentimentality, vagueness and class consciousness."

Witnesses Shaken in Identification of Swanson Aid as Robber—Former Professor Admits Killing Co-ed

PRODUCTION OF "DOUBLE" FOR SWANSON AID CONFUSES ACCUSER.
At left: George Zajac, whose identification of Raymond E. Blackwood as robber was shaken. At right: Clem Tatton (left), the so-called double, who has police record, and Raymond E. Blackwood. (Story on page 3.)

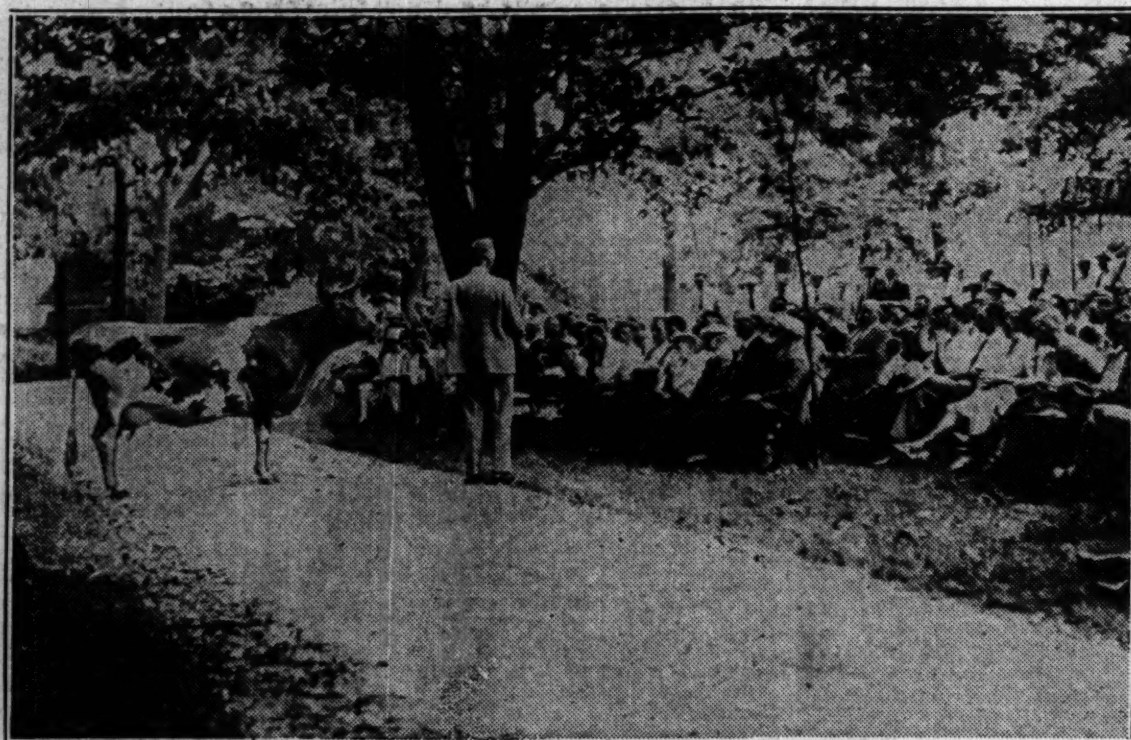

DOWAGER QUEEN OF THE NETHERLANDS GREETED ON JUBILEE ANNIVERSARY. Queen Emma acknowledging the plaudits of Amsterdam crowds. With her is her daughter, the Queen Regent Wilhelmina, and Prince Consort Hendrik. (Pacific and Atlantic Photo.)

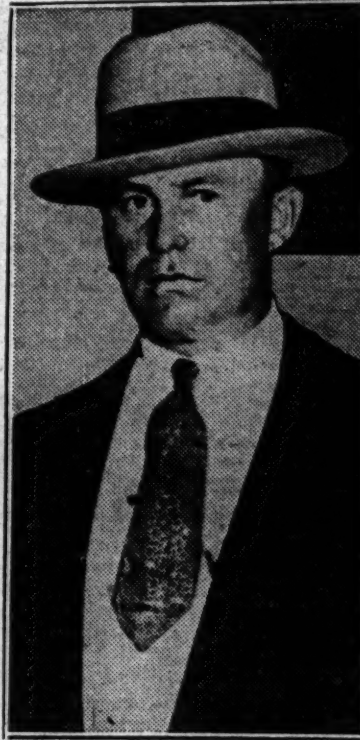

DISMISSED PROFESSOR CONFESSES MURDER. Dr. James H. Snook, formerly of Ohio State university, who admitted killing Theora K. Hix, 24 year old co-ed. (Pacific and Atlantic Photo.) (Story on page 1.)

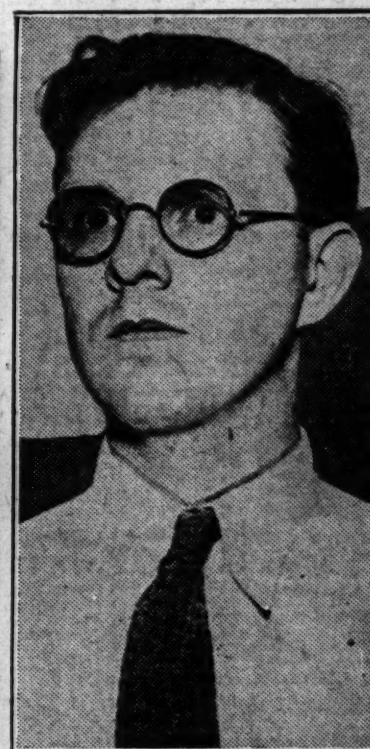

STICKS TO STORY. Frederick Froemke, Blackwood's original accuser, unshaken in his identification. (Story on page 3.)

ILLINOIS GUERNSEY BREEDERS HOLD FIELD DAY NEAR WHEATON. Charles L. Hill, Rosedale, Wis., president National Dairy association, speaking to dairy farmers who were guests of Mr. and Mrs. Chauncey McCormick and Mrs. R.R. McCormick yesterday. (Story on page 19.)

SHOT BY ROBBER. Sergt. Clarence Falk wounded while chasing holdup man. (Story on page 1.)

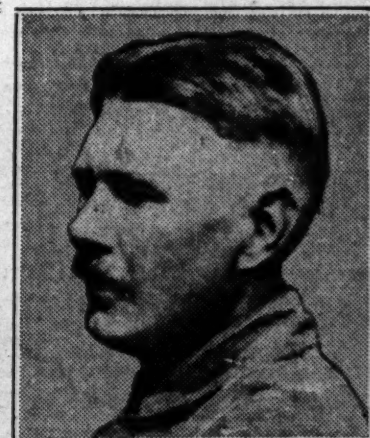

HOLDUP VICTIM. George Denbo, druggist at 5726 Elston avenue, robbed by man who shot Falk. (Story on page 1.)

SCHOOL CHILDREN CONTINUE THEIR WAR AGAINST CAUSE OF HAY FEVER. Pupils of the Shakespeare school branch at 41st street and Lake Park avenue with baskets of rag weed. They have collected and destroyed 26 basketsful of the weed. (Story on page 11.)

BLIND WARDS OF STATE EXHIBIT THEIR WORK. Anna Stearns (left) and Miss Flora Lowitz at Illinois Industrial Home for Blind at 1900 Marshall boulevard. (Story on page 33.)

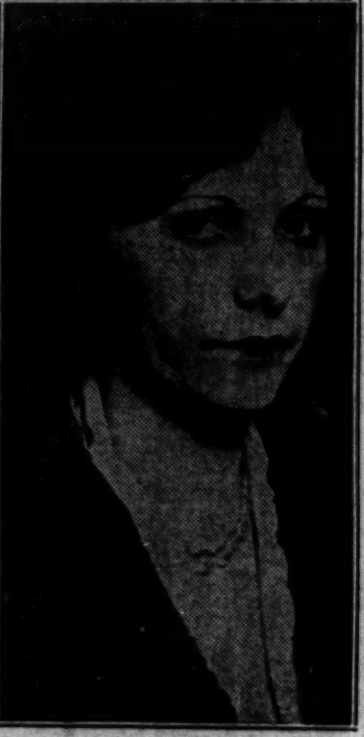

MILLIONAIRE DIES. Alexander S. Cochran, former husband of Ganna Walska, passes away at Saranac Lake, N. Y. (Story on page 39.)

TOTEM POLE GUARDS LINCOLN PARK ENTRANCE. Indians saluting gift of J. L. Kraft to park at dedication ceremony at Addison street and Sheridan road. (Story on page 8.)

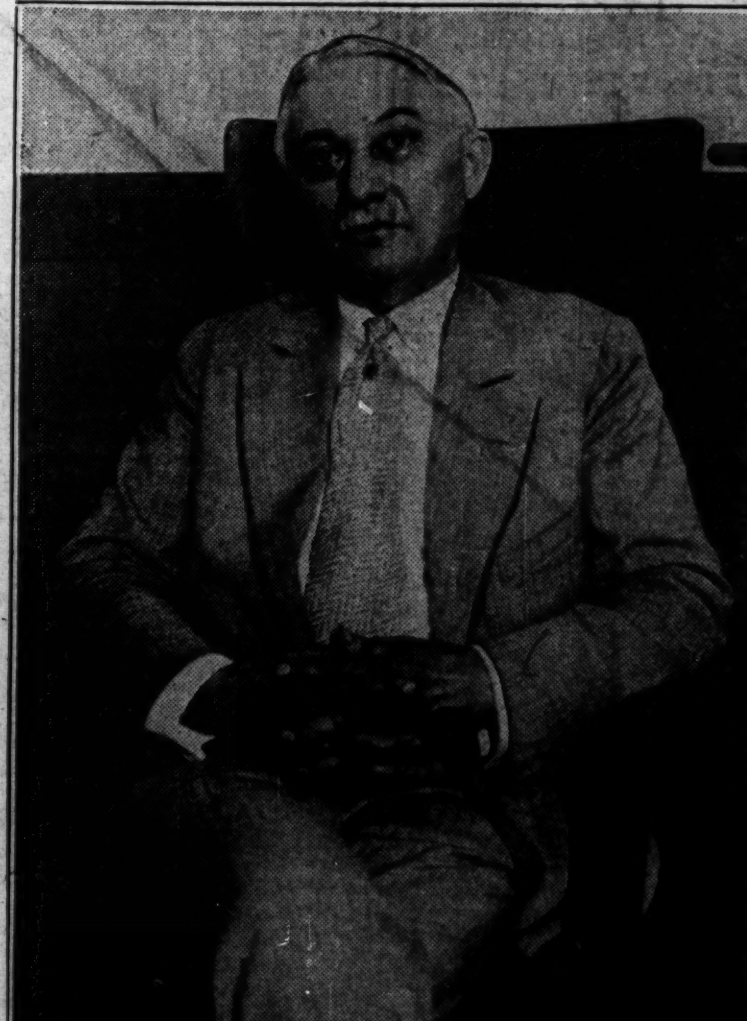

DROWNS IN LAGOON. Walter Kennedy, who fell into Jackson park pond while fishing.

SHOOT AT BROTHER. Mrs. Irene Best fires at Gene Burns, whom she blamed for keeping husband out. (Story on page 1.)

PERFECT PICKLE PRODUCED, PACKERS PROUDLY PROCLAIM. Left to right: Joseph E. Mitchell, secretary; Lees Ballinger, president National Pickle Manufacturers' association; Hans Toepfer, Palmer house chef, with pickles; C. J. Sutphen, treasurer. (Story on page 9.)

LOSES FIRST ROUND IN HEART BALM FIGHT. Franklin S. Hardinge, manufacturer, who is being sued for \$250,000 by Ann Livingston of Tulsa, Okla., in Judge Charles H. Miller's court, from which he was denied a change of venue. (Story on page 11.)

JOHN D. III. ROCKEFELLER receives his diploma from Princeton.
